If this were your little boy Doctor, what would you do?

30-DAY Guaranteed Trial

Every appliance is made to order according to measurements taken by the Physician and is delivered subject to a 30-day guaranted trial.

What **wouldn't** you do? You would search unceasingly for a method of cure. You would emphatically reject all means of treatment of questionable benefit, the antiquated instruments of torture, the plaster cast, the steel and leather jackets, and other unscientific apparatus.

You would be gentle, you would be **CERTAIN** of success. You would save the child from life-long misery and disfigurement. **Investigation** would lead you to adopt a

PHILO=BURT SPINAL APPLIANCE

Hundreds of physicians have **found out** what this efficient but comfortable appliance accomplishes, and they are now using it in all cases of spinal weakness, irritation and curvature. The judgment of these physicians has been justified by our record of treating successfully over 25,000 cases in the past fifteen years, a record that even the most conservative practitioner must recognize as conclusive evidence of worth.

The Philo Burt Appliance provides the required support, giving a gentle, firm pressure where needed yet permitting full respiration, normal heart action and free play of the muscles. It lifts the weight of the head and shoulders off the spine, and corrects any deflection in the vertebrae.

Let us send you our plan of co-operation and full information.

EITEL HOSPITAL

1375 Willow Street

MINNEAPOLIS, MINN.

THE EITEL HOSPITAL will house about one hundred and twenty-five patients, is one of the most complete institutions of its capacity that has probably ever been erected, and is located in the center of the city, facing Loring Park, one of the most beautiful parks in the state. While this hospital is primarily designed for the diagnosis and treatment of all kinds of surgical cases, a limited number of medical and obstetrical cases are admitted.

SYNOPSIS OF CONTENTS

The fourteenth revised edition of Polk's Medical Register and Directory of the United States and Canada contains 2354 pages.

The first 204 pages are devoted to general miscellaneous information and embrace: National and Inter-State Medical and Surgical Associations and Societies; the Army Medical Museum at Washington; the U. S. Naval Medical School at Washington; Officers of the Medical Department of the U. S. Army; U. S. Public Health Service; U. S. Indian Service; Existing and Extinct Medical Colleges of North America; Auxiliary and Post-Graduate Institutions and Courses; Medical Journals in North America; Medical Libraries; Therapeutic Classification of American Health Resorts.

Pages 205 to 1700 contain the List of Physicians and Surgeons or Directory proper, arranged by location, giving postoffice address, with population, the school practiced, date and college of graduation, etc. At the commencement of the list for each State, Territory or Province is a list of Medical Colleges, State Board of Health, State Board of Medical Examiners, Health Officers at Principal Points, Hospitals, Sanitariums, Penal, Reformatory and Charitable State Institutions, Medical Societies, and the law regulating the practice of medicine.

Pages 1701 to 2280 contain a complete index of Physicians with addresses, arranged alphabetically. The address indicates the City and State or Province in the Alphabetical List where complete information regarding the physician may be found.

The work is supplemented by a Classified Business and Physicians' Supply Department, embracing a list of the leading firms in the United States and Canada engaged in the manufacture and sale of goods pertaining to the profession of medicine.

NOTE.—Special attention is called to the fact that the asterisk (*), meaning "no report received in answer to inquiry regarding graduation," does not at all imply that the physician after whose name it appears is a non-graduate. Doubtless the names of some are so inserted who are graduates and prominent in their profession; in such cases the publishers found it impossible to secure the desired graduation data before going to press.

Any errors or omissions brought to the attention of the publishers will be appreciated, as will all notices of deaths and removals.

Friendly criticism of the "Register" invited.

191½ Medical Department of Hamline University (Minneapolis College of Physicians and Surgeons), Minneapolis, Minn. Organized fall of 1883. First class was graduated in the spring of 1885.

For the betterment of medical education in Minnesota, it was deemed advisable, after consultation, that the College of Physicians and Surgeons of the Medical Department of Hamline University should merge with the College of Medicine and Surgery of the University of Minnesota. The final formalities were completed at a special meeting of the Board of Regents of the University of Minnesota, held March 4, 1908.

Arrangements were perfected whereby the members of the freshman, sophomore, and junior classes of the Medical Department of Hamline University receive their instruction in the University of Minnesota, being required to comply with the rules and regulations which govern the College of Medicine and Surgery of the University of Minnesota. At the end of each year, certificates will be issued by the State University authorities to President George H. Bridgman, Vice-President J. T. Moore, M. D., and Dean, C. A. McCollom, M. D., as representing the trustees of the College of Physicians and Surgeons, Medical Department, Hamline University. MEDICAL LAW OF ALABAMA

Entitled An Act, To regulate the practice of medicine in the State of Alabama.

Section 1. Be it enacted by the Legislature of Alabama, That the board of censors of the Medical Association of the State of Alabama, organized in pursuance of the constitution thereof, adopted at Tuscaloosa, in March, 1873, is hereby constituted a State board of medical examiners, and is charged with the duties hereinafter prescribed.

Sec. 2. That an application for a certificate of qualification to treat diseases of human beings by any system of treatment whatsoever shall, according to rules prescribed and standards established by the Medical Association of the State of Alabama, be examined, in writing, by the State board of medical examiners in the following named branches of medical learning, to-wit: Chemistry; anatomy; physiology; the etiology, pathology, symptomatology, and diagnosis of diseases; obstetrics and obstetrical operations; gynecology; major and minor surgery; physical diagnosis, diseases of the eye, ear, nose, and throat; and hygiene and medical jurisprudence.

Sec. 3. That an applicant shall before being permitted to enter upon an examination fill out an application blank, giving his name, age, residence, college and date of graduation (if a graduate), references and such other data as the State board of medical examiners may require. The applicant shall make affidavit that he is the person he represents himself to be and that he will faithfully observe all rules governing the examination. Any member of the State board of medical examiners, or the supervisor of examinations appointed by said board, is hereby authorized to administer the oath prescribed. The board shall have the right to refuse to examine a person whose reputation is such as to render him unworthy of membership in the medical profession.

Sec. 4. That when an applicant who has undergone examination shows such a standard of proficiency in the branches of medical learning enumerated in section 2 of this act as has been, or may be, fixed by the Medical Association of the State of Alabama, a certificate of qualification, in form to be prescribed by the said association, shall be issued to the applicant, which certificate shall entitle the holder thereof to treat any diseases of human beings he may be called upon to treat in accordance with the teachings of the school or sect of medicine to which he belongs.

Sec. 5. That when an applicant states in writing that he does not propose to practice major surgery, said applicant shall be exempt from examination in said branch of major surgery, and should his proficiency in the other branches of medical learning named in section 2 of this act reach the standard established by the Medical Association of the State of Alabama, a certificate of qualification, in form to be prescribed by said association, shall be issued to him, which certificate shall entitle him to treat any diseases of human beings he may be called upon to treat in accordance with the teachings of the school or sect of medicine to which he belongs, provided that the holder shall not be entitled to perform the operations of major surgery, and that this restriction shall appear on the face of the certificate.

Sec. 6. That when an applicant fails to attain the standard of proficiency prescribed by the State Medical Association his examination shall be deemed unsuccessful. Such applicant shall, however, be entitled to another examination at any time after the expiration of six months from the date of the preceding examination.

Sec. 7. That a physician who receives a certificate of qualification shall, within ten days after locating in a county, file said certificate in the office of the judge of probate of such county for record, and should said physician remove his residence to another county he shall within said time have his certificate re-recorded. Any failure on the part of a holder of a certificate of qualification to comply with the provisions of this section shall render such certificate null and void.

Sec. 8. That the judge of probate of a county shall provide a blank book, of suitable size, to be called the "register of physicians," in which book shall be recorded all certificates of qualification filed by physicians of the county. The fee for recording such certificates shall be fifty cents. At some time between the first and tenth of January of each year the said judge of probate shall forward to the State board of medical examiners a full report of the names of all physicians, together with their post offices, whose certificates have been recorded in his office for the preceding year; and if any physicians whose certificate was so recorded shall have removed from the county or shall have died the place to which such physician has removed, if known, or the date of the death, as the case may be, shall be reported.

Sec. 9. That the State board of medical examiners may establish reciprocal relations with similar boards of other states in reference to the issuance of certificates of qualification, provided that such reciprocal relations shall not be established with the State board of examiners of any state that does not require examination upon substantially the same branches of medical learning as those enumerated in section 2 of this act, and does not maintain a standard of proficiency at least equal to that maintained by the State board of medical examiners of this State. When such reciprocal relations have been established a certificate of qualification may be issued without examination to a person who presents evidence that he has complied with the requirements of a reciprocating State board of medical examiners, provided that on the face of a certificate issued in accordance with this section it shall appear that such certificate was issued pro forma and without examination.

Sec. 10. That a physician who resides in an adjoining state, near the border of this State, shall be allowed the privilege of practicing in any county of this State into which his practice may extend without examination, provided that he holds a certificate of qualification from his own State board of medical examiners and causes said certificate to be placed on record in the office of the judge of probate of the county or counties in this State into which his practice extends, and provided further, that he shall not open an office, or establish a place, in this State at which calls may be left for him. A similar privilege shall be accorded a licensed physician of any state who may be called into this State in consultation with a physician, except that such consulting physician shall not be required to place his certificate of qualification on record.

Sec. 11. That the State board of medical examiners may issue to a surgeon, or assistant surgeon, of the United States army or navy, or of the United States public health and marine hospital service a certificate of qualification without examination, provided that such surgeon or assistant surgeon, presents to the State board of medical examiners a commission, or other satisfactory evidence, showing that he is a medical officer of the United States army, navy, or marine hospital service, as the case may be, and provided further that upon the face of the certificate of qualification so issued, it shall appear that the certificate was issued pro forma, and without examination.

Sec. 12. That the State board of medical examiners is hereby empowered to revoke the certificate of qualification of any physician who uses intoxicating liquors, or drugs, to such an extent as to be thereby rendered unsafe or unreliable as a practitioner; or that of any physician who is guilty of grossly immoral or unprofessional conduct; or that of any physician who induces, or aids in inducing, a criminal abortion, or a criminal premature delivery, in a woman, provided that the induction of abortion, or of premature delivery, when due for the relief of a woman whose life appears to be in peril shall not be deemed criminal; and provided further, that whenever possible the attending physician shall before performing such an operation call into consultation with him one or more other physicians.

Sec. 13. That whenever complaint, in writing, is made to the State board of medical examiners that a physician in this State has committed any of the offenses named in the preceding section (12), it shall be the duty of said board to summon such physician to appear before it for investigation of the complaint, provided that thirty (30) days notice of the nature and specifications of the complaint, and of the time and place at which the investigation will be made shall be given the physician against whom such complaint has been filed. When the investigation is held, which shall be conducted with as little publicity as possible, the person who files the complaint and the physician against whom the complaint has been filed shall have the right to introduce witnesses, or written testimony, or both, and shall also have the right to be heard in person or by counsel, or both. For good reasons such investigation may be adjourned from time to time.

Sec. 14. That when the State board of medical examiners decides to revoke the certificate of a physician, it shall notify such physician of the order of revocation, and shall instruct the judge of probate of the county in which said physician resides to make an entry on the margin opposite to the recorded certificate of such physician to the effect that upon the order of the State board of medical examiners the certificate has been revoked, entering also the date of revocation. Any physician whose certificate has been ordered revoked by the State board of medical examiners shall have the right of appeal to the State Medical Association, or to a court of competent jurisdiction, one or both, of which appeal such physician must give the State board of medical examiners notice within three days after having been informed of the dceision of the board. When the State board of medical examiners has received notice of such appeal it shall await the result of the appeal before instructing the judge of probate to make the entry of revocation.

Sec. 15. That the State board of medical examiners shall have the right to issue, with or without re-examination, a new certificate of qualification to a physician whose certificate has been revoked whenever it deems such course proper and just.

Sec. 16. That all examinations under this act shall be conducted at Montgomery, and that the State board of medical examiners shall fix the times at which examinations shall be held, provided that not less than two examinations shall be held annually.

Sec. 17. That the fee for an examination shall be ten dollars, which amount must be paid in advance of the examination and to such person as the board may authorize to receipt therefor. A fee shall not be returned to an unsuccessful applicant, but such applicant shall be entitled to a second examination without paying an additional fee, provided that such second examination is obtained within one year after the date of the first examination.

Sec. 18. That after defraying all expenses of holding an examination, such as furnishing blanks, paper, postage, certificates, the services of supervisors, clerical help et cet., the remaining funds shall be equally divided among the ten members of the State board of medical examiners.

Sec. 19. That any person who treats, or offers to treat, diseases of human beings in this State by any system of treatment whatsoever without having obtained a certificate of qualification from the State board of medical examiners shall be guilty of a misdemeanor, and on conviction shall be fined for each offense not less than fifty nor more than five hundred dollars, and may be imprisoned for not less than one nor more than three months. A physician whose certificate of qualification is not on record in the county in which he resides shall not be entitled to recover at law any compensation for services rendered in treating diseases of human beings.

Sec. 20. That the State board of medical examiners shall keep complete records of all examinations held by it, giving the name, age, residence, college and date of graduation (if a graduate), of each applicant examined, together with the results of such examination, which record shall be open to inspection. The said board of medical examiners shall also keep complete minutes of all its proceedings, which minutes shall be so preserved as to be easily accessible should occasion arise for referring to them.

Sec. 21. That nothing in this act shall prohibit the administration of domestic remedies in a family by any member thereof, or prohibit any person from rendering service to a sick or injured person in an emergency, provided that the person rendering such service does not pursue the occupation of a physician.

Sec. 22. That all laws or parts of laws in conflict with this act shall be and are hereby repealed.

Sec. 23. That this act shall go into effect on and after the first day of September, 1907.

MEDICAL LAW OF ALASKA

Section 1. That from and after the promulgation of this Act, no person shall practice medicine or surgery in any of their departments within the boundary of the Territory of Alaska unless such person shall possess all qualifications required by this act.

Sec. 2. Governor to Appoint Board of Examiners.—Terms. The Governor of this Territory shall appoint a Board of Examiners, to be known as the Territorial Medical Examining Board, consisting of eight members, two from each of the four Judicial divisions, who shall be learned and skilled in the practice of medicine and surgery, and who shall hold their office for two years, and until their successors are appointed and qualified. It is further provided that no member thereof shall be appointed to serve for more than two terms in succession.

Sec. 3. Oath, Powers and Duties of Board—Seal—Records. The members of said examining board shall, before entering upon their duties as such members, take and subscribe an oath to support the constitution and laws of the Territory of Alaska, and the United States, and to well and faithfully and without partiality perform the duties of such office according to the best of their knowledge and ability; which oaths shall be filed and preserved of record in the office of the secretary of said board. Said medical examining board shall elect a president, secretary and treasurer, and shall have a common seal. The president and secretary shall have the power to administer oaths. Said examining board shall hold their meetings for examination commencing on the first Tuesday of January and July of each year; said board shall hold their meetings at Juneau, Alaska, or such other place as the board may designate. Two members of said board shall constitute a quorum for the transaction of all business that may properly come before the Board and 30 days' public notice shall be given of the time and place of all its meetings.

Sec. 4. Preservation of Records.—The board shall preserve a record of its proceedings in a book kept for that purpose, which shall show the name, age, place and duration of residence therein of each applicant for a license, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said record shall also show whether applicants were granted a certificate or rejected, and shall be prima facie evidence of all matters contained therein. The said Medical Examining Board shall report annually to the Governor, furnishing an itemized account of all moneys received and disbursed with a complete record of the proceedings of said board for the year and the Treasurer shall furnish a bond to be fixed and approved by the Governor. The Governor may for cause remove any member of said Medical Examining Board.

If impracticable it shall not be obligatory for members who reside in another judicial division to attend meetings of said board.

Sec. 5. Hereafter every person desiring to commence the practice of medicine and surgery, or either of them, in any of its or their branches, in this Territory, shall make a written application to said board for a license so to do. And each applicant for such license shall be not less than twenty-one years of age, shall furnish a certificate of good moral character, and shall be a graduate of some duly authorized medical college now having at least a four years' graded course. Such applicant at the time and place designated by said board, or at the regular meeting of said board, shall submit to an examination in the following branches: anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventative medicine, practice of medicine, surgery, obstetrics, diseases of the eye and ear, medical jurisprudence, and such other branches as the board shall deem advisable. Said board shall cause said examination to be practical, and sufficient to test the candidate's fitness to practice medicine and surgery; which examination, with the answers thereto, shall be in writing, and the same shall be filed and preserved of record in the office of the secretary of said board. After examination, if the same be satisfactory, said board shall grant license to such applicant to practice medicine and surgery in the Territory of Alaska, which said license can only be granted by the consent of not less than five members of said board, except as hereinafter provided, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof. The fee for such examination shall be twenty-five dollars ($25.00), and shall be paid by the applicant to the treasurer of said board toward defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional or dishonorable conduct, subject, however, to the right of such applicant to appeal from the decision of said board refusing or revoking such license as hereinafter provided; Provided, however, that in all cases where an applicant for a license under this act shall produce and exhibit to the examining board, a certificate from a board of medical examiners appointed under the laws of any state of the United States and recognizing licenses from this Territory, certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery, in the state issuing said certificate, and that the examining board issuing said certificate has subjected the applicant to a thorough examination to ascertain this fact, he or she may, at the discretion of the Territorial Examining Board, upon paying the fee herein prescribed and otherwise complying with all the requirements of this act, receive a license as if an examination of said applicant was had in this Territory.

Sec. 6. Acts Constituting Unprofessional Conduct—The words "unprofessional or dishonorable conduct" as used in the last preceding section, are hereby declared to mean:

(1) The procuring or aiding or abetting in procuring, a criminal abortion;

(2) The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured;

(3) The wilfully betraying of a professional secret;

(4) The advertising of medical business in which untruthful and improbable statements are made;

(5) All advertising of any medicines or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed;

(6) Conviction of any offense involving moral turpitude;

(7) Habitual intemperance or habitual addiction to morphine, cocaine, or other drugs having a similar effect.

Sec. 7. Board to File Statement as to Licenses, etc.—Hearing.—In any case of the refusal or revocation of a license by said board under the provision of this chapter, said board shall file a brief and concise statement of the grounds and reasons for such refusal or revocation in the office of the secretary of said board, which said statement, together with the decision of said board, which shall remain of record in said office. Before a license can be revoked by said board for unprofessional or dishonorable conduct under the provisions of this chapter, a complaint of some person under oath must be filed in the office of the secretary of said board, charging the acts of unprofessional or dishonorable conduct and facts complained of against the licentiate accused, in ordinary and concise language and thereupon said board shall cause to be served upon said accused licentiate a written notice and copy of such complaint, which said notice shall contain statement of the time and place of hearing of the matters and things set forth and charged in such complaint, and said notice shall be so served at least thirty days prior to the time of such hearing. Such accused licentiate may appear at such hearing and defend against the accusation of such complaint personally and by counsel, and may have the sworn testimony of witnesses taken, and present other evidence in his behalf at such hearing, and said board may receive the arguments of counsel at such hearing.

Sec. 8. The person receiving said license shall before he or she commences the practice of medicine and surgery, or any of their branches, file the same, or a certified copy thereof, with the clerk of the court in and for the judicial division where he or she resides, and said clerk of the court shall file said certificate, or copy thereof, and enter a memorandum thereof giving the date of said license and name of person to whom the same was issued, and the date of filing, in a book to be provided and kept for that purpose; and said clerk of the court shall each year furnish, to the secretary of said board a list of all certificates on file in his office, and upon notice to him of a change of location of the license granted to such person, said clerk of the court shall enter, in the appropriate place in the record so kept by him, a memorandum of said fact, so that the records kept by the clerk of the court shall correspond with the records of the board as kept by the secretary thereof. In case a person so licensed shall move into another judicial division in this Territory, he or she shall procure from the clerk of the court in the judicial division to which he or she shall remove. Said clerk of the court shall file and enter the same with like effect as if the same were the original license. Proof of failure to file said license or copy thereof with the clerk of the court as herein provided, shall be prima facie evidence of a violation of this act, and shall be punishable as provided herein. The clerk of the Court's records shall be the only evidence required as proof of failure to file, but may be rebutted by competent testimony.

Sec. 9. Any person practicing medicine or surgery or either of its or their branches within this Territory without first having obtained and filed the license provided for in this act, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars nor more than one hundred dollars, or by imprisonment in jail not less than ten days nor more than ninety days or both such fine and imprisonment. In all prosecutions under the provisions of this act, evidence that the defendant has failed to file a license with the clerk of the court as herein required, shall be prima facie evidence that the defendant is not a legally licensed practitioner. And each day of such illegal practice shall be deemed a separate offense under this act. All fines collected under the provisions of this act shall be paid to the treasurer of said medical examining board for the use and to defray the actual expenses of said board. Any person shall be deemed as practicing within the meaning of this act who shall have and maintain an office or place of business with his or her name and the words physician and surgeon, "Doctor," "M. D." or "M. B." in public view, or shall assume or advertise the title of doctor or any title which shall show or shall tend to show that the person assuming or advertising the same is a lawful practitioner of the branches of medicine or surgery in such manner as to convey the impression that he or she is a practitioner of medicine or surgery under the laws of this Territory, or any person who shall practice medicine or surgery under a false or assumed name, or for a fee prescribed, direct, or recommend for the use of any person, any drug or medicine for the treatment, care or relief of any wound, fracture or bodily injury, infirmity, or disease. Provided, however, that this act shall not apply to dentists while confining themselves strictly to their profession. It shall be the duty of the respective district attorneys to prosecute all violations of this act. In cases of appeal to a higher court as hereinbefore provided, it shall be tried to represent said board upon said appeal.

Sec. 10. Board May Establish Rules and Regulations.—Said board shall have authority to prescribe and establish all needful rules and regulations to carry into effect the provisions of this chapter and may receive for each day actually engaged in the duties of their office as compensation the sum of five dollars together with all legitimate expenses incurred in attending the meetings of said board. No part, however, of the compensation or other expenses of the said board shall be paid out of the Territorial treasury.

Sec. 11. Be it further enacted, That this act does not apply to services rendered in case of an emergency, nor to any commissioned surgeon of the United States army or navy or marine hospital service in the performance of his official duties, to physicians or surgeons from states of the United States in actual consultation with a registered physician of this Territory, nor to any physician actually practicing in this Territory before the passage of this act. Nor is any discrimination to be practiced against any particular school of medicine, surgery, or osteopathy.

Sec. 12. Be it further enacted, That to prevent delay and inconvenience the member of a board of medical examiners may grant a temporary permit after satisfactory examination to any applicant, and shall report thereon to the board at the next regular meeting such temporary permit shall not continue in force longer than until the next regular meeting of the board, but such temporary permit shall in no case be granted within six months after the applicant has been refused a permit by the board. All applicants for a temporary permit to practice medicine and surgery in Alaska must be graduates from a recognized medical college now having a standard equal to those prescribed by the Association of American Medical Colleges.

Sec. 13. Be it further enacted, That all laws or parts of laws contrary to and in conflict with any of the provisions of this act be and the same are hereby repealed.

Approved, April 29, 1913.

MEDICAL LAW OF ARIZONA

Section 1. The governor shall appoint a board of medical examiners to be known as the board of medical examiners of the State of Arizona, consisting of five members, each of whom shall have resided in Arizona for a period of three years next before his appointment. Such appointments shall be made every second year, as follows: Two members from the allopathic school of medicine of the State of Arizona, one member from the homeopathic school of medicine of the State of Arizona, one member from the eclectic school of medicine of the State of Arizona, and one member from the osteopathic school of medicine of the State of Arizona. Vacancies occurring in the representation of said professions respectively, shall be filled by appointment by the governor from said professions. The appointment of each member shall be for a term of two years, and until his successor is appointed and qualified; provided, however, that no professor, instructor, or other person in any manner connected with, or financially interested in, any college or school of medicine or surgery or osteopathy shall be appointed a member of said board. It shall require the affirmative vote of three members of said board to carry any motion or resolution, to adopt any rule, to pass any measure, or to authorize the issuance of any certificate, as in this act provided. Three members of said board shall constitute a quorum.

Sec. 2. Each member of said board shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and surgery or osteopathy, and a licensed practitioner of medicine and surgery, or of osteopathy, of this State.

Sec. 3. Said board shall organize on or before the first Tuesday of August, 1913, by electing from its number a president, vice-president, second vice-president, secretary, and treasurer, who shall hold their respective positions during the pleasure of said board. Said board shall hold its regular meetings in the Capital of the State on the first Tuesday of January, April, July and October of each year, with power of adjournment from time to time until business is concluded. Special meetings of the board may be held at such time as the board may designate.

Sec. 4. The office of the said board shall be in the State Capital, and in all legal proceedings against the board the said State Capital shall be deemed to be the residence of members thereof.

Sec. 5. Said board may, from time to time, adopt such rules as may be necessary to enable it to carry into effect the provision of this act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have authority to take evidence in any matter cognizable by it.

Sec. 6. Any person shall be regarded as practicing medicine within the meaning of this act who shall, within this State, (a) by advertisement, or by any notice, sign or other indication, or by any statement, printed, written or oral, in public or in private, made, done or procured by himself or herself, or any other, at his or her request, for him or her, claim, announce, make known or pretend his or her ability or willingness to diagnosticate, or prognosticate, any human diseases, ills, deformities, defects, wounds or injuries; (b) or who shall so advertise or make known or claim his or her ability or willingness to prescribe or administer any drug, medicine, treatment, method or practice, or to perform any operation, or manipulation, or to apply any apparatus, or application, for cure, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (c) or who shall, within this State, diagnosticate or prognosticate any human disease, ill, deformity, defect, wound, or injury, for hire, fee, reward or compensation, promised, offered, expected, received or accepted, directly or indirectly; (d) or who shall within the State prescribe or administer any drug, medicine, treatment, method or practice, or perform any operation or manipulation, or apply any apparatus or appliance for the cure, alleviation, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (e) or who shall act as the agent of any person, firm or corporation, in the practice of medicine as hereinbefore set forth; (f) except it be in the advertisement or practice of dentistry, midwifery, or pharmacy, or in the usual business of opticians, or of vendors of dental or surgical instruments, apparatus, and appliances. Practising medicine within the meaning of this act is construed to include the practice of osteopathy.

Sec. 7. Three forms of certificates shall be issued by said board under the seal thereof and signed by the president and the secretary; first, a certificate authorizing the holder thereof to practice medicine and surgery; second, a certificate authorizing the holder thereof to practice osteopathy; third, a certificate authorizing the holder thereof to practice any other system or mode of treating the sick or afflicted not referred to in this section.

In order to procure a certificate to practice medicine and surgery, the applicant for such certificate must file with said board, at least two weeks prior to a regular meeting thereof, satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which shall have been, at the time of granting such diploma, in no particular less than those prescribed by the association of American Medical Colleges for that year, or satisfactory evidence of having possessed such diploma; and he must also file with said diploma an application sworn to before some person authorized to administer oaths, stating that he is the person named in said diploma, that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination, without fraud or misrepresentation. The said application shall be made upon a blank furnished by said board, and it shall contain such information concerning the medical instructions and the preliminary education of the applicant as said board may be rule provide. Applicants who have failed to meet the above requirements must be rejected. Applicants for a certificate to practice osteopathy shall be subject to the above regulations, except that in place of the diploma hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of osteopathy, having a course of instruction of at least twenty months, requiring actual attendance, and after 1908, of three years of nine months each, and including the studies examined upon under this act. Applicants for a certificate to practice any other system or mode of treatment not in this act referred to, shall be subject to the above regulations, except that in place of the diplomas hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of the system or mode of treatment which the applicant claims or intends to follow.

In addition to the requirements above set forth, all applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant's fitness to practice his profession, and shall be, in whole or in part, in writing, on the following fundamental subjects, to-wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry, and toxicology, physiology, obstetrics, general diagnosis, hygiene. Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of zero to ten. But all applicants must obtain not less than a general average of seventy-five per cent. and not less than sixty per cent. in any one subject: provided, that applicants who can show at least ten years of reputable practice shall be granted a credit of five per cent. upon the general average, and five per cent. additional for each subsequent ten years of such practice, and shall receive not less than fifty per cent. on any one subject.

The examination papers shall form a part of the records of the board and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application. The secretary of the board shall in no instance participate as an examiner in any examination held by the board.

Sec. 8. Each applicant on making application shall pay to the secretary of the board a fee of twenty-five dollars, which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient, or in case he does not desire to take the examination, the sum of ten dollars shall be retained, the remainder of the fee being returnable on application.

Sec. 9. Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each applicant and examination, said record shall be evidence of all the proceedings of said board which are set out therein.

Sec. 10. Every person holding a certificate authorizing him to practice medicine and surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, must have it recorded in the office of the county recorder of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the county recorder recording the same. Every such person, on each change of his residence, must have his certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. Any person holding a certificate who shall practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, or who shall attempt to practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, without first having filed his certificate with the county recorder as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars or by imprisonment for not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

Sec. 11. The county recorder shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Sec. 12. Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular acts constituting such unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or default will be taken against him, and his application for a certificate be refused. The attendance of witnesses at such hearing shall be compelled by subpoena issued by the secretary of the board, under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for such subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of the State then in force as to service of citations and subpoenas generally, and all provisions of the statutes of this State then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this State then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had, and said court shall thereupon proceed to hear said matter in accordance with the statutes of this State then in force as to contempts for disobedience of process of this court; and should said court find that the subpoena has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this State then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine, surgery or osteopathy, or any other system or mode of treating the sick or afflicted in this State. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinafter provided in this section in case of refusal to issue certificates. Said secretary, in all cases of revocation, shall enter on his register the fact of such revocation and shall certify the fact of such revocation, under the seal of the board, to the county recorder of the county in which the certificate of the person whose certificate has been revoked, has been recorded; and said recorder must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "This certificate was revoked on the.......day of.......," giving the day, month and year of such revocation in accordance with said certification to him by said secretary. The record of such revocation so made by said county recorder shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted in this State.

The words "unprofessional conduct," as used in this act, are declared to mean:
First: The procuring, or aiding abetting in procuring, a criminal abortion.
Second: The wilful betrayal of a professional secret.

Third: All advertising of medical business which is intended or has a tendency, to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to the public morals or safety.

Fourth: All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Fifth: Conviction of any offense involving moral turpitude in which case the record of such conviction shall be conclusive evidence.

Sixth: Habitual intemperance in the use of alcohol or narcotic drugs.

Seventh: The personation of another licensed practitioner of a like or different name.

Sec. 13. Said board shall have the power to employ legal counsel and clerical assistance and to fix the salaries of the same and to incur such other expenses as may be deemed necessary to carry into effect the provisions of this act. It shall also fix the salary of the secretary, not to exceed the sum of twelve hundred dollars per annum, and the sum to be paid to the other members of said board, not to exceed ten dollars per diem each, for each and every day of actual service in the discharge of official duties; and said board may, in its discretion, add to said sum necessary traveling expenses. The expense of said board, including the salary of secretary, shall not exceed the amount of fees collected by said board as herein provided. All money in excess of the actual expenses of the board shall be paid annually into the State treasury.

Sec. 14. Any person who shall practice, or attempt to practice, or advertise, or hold himself out as practicing, medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted, as defined in this act, in this State, without having at the time of so doing, a valid, unrevoked certificate, as provided in this act, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars, nor any more than five hundred dollars, or by imprisonment for a term of not less than sixty days, nor more than six months, or by both such fine and imprisonment. In each such conviction the fine shall be paid, when collected, to the State treasurer, and shall constitute a special fund for the prosecution of illegal practitioners as defined in this act, the said fund to be paid to the said board upon warrants drawn therefor by its secretary, and the said board is authorized to prosecute all persons guilty of a violation of the provisions of this section.

Sec. 15. Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person entitled to the same, shall be guilty of a felony, and upon conviction thereof, shall be subject to such penalties as are provided by the laws of this State for the crime of forgery.

Sec. 16. Any person assuming to act as a member of the state board of medical examiners without so being a member, or who shall sign, or subscribe, or issue, or cause to be issued, or seal, or cause to be sealed, a certificate authorizing any person to practice medicine or surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, shall be guilty of a felony, and shall be punished by imprisonment in the state penitentiary for a term of not more than five years.

Sec. 17. Any person who holds an unrevoked certificate from the board of medical examiners created "by an Act to Amend An Act to Regulate the Practice of Medicine in Arizona," which was approved March 18, 1897, or from the board of examiners created under the provisions of Chapter 1, of Title 53, of the Revised Statutes of Arizona, 1901, or from the board of medical examiners created by an Act of the Legislative Assembly of the Territory of Arizona, entitled, "An Act to Regulate the Practice of Medicine," approved March 19, 1903, shall be entitled to practice medicine and surgery in this State the same as if such certificate has been issued under this act, and any osteopath who has qualifications as set forth in Sec. 7, and who shall establish to the satisfaction of the board that he or she was actively engaged in practice in the State at the date of introduction of the bill shall be entitled to receive a certificate to practice osteopathy.

Sec. 18. Nothing in this act shall be so construed as to inhibit service in the case of emergency, or to the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States army, navy or public health service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry. Nor shall this act apply to any practitioner from another State or Territory, when in actual consultation with a licensed practitioner of this State if such practitioner is, at the time of such consultation, a licensed practitioner in the State or Territory in which he resides; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. Nor shall this act be construed so as to discriminate against any particular school of medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, or to interfere in any way with the practice of religion; provided, that nothing herein shall be held to apply to or to regulate any kind of treatment by prayer; and provided further, that all sanitary laws and regulations regarding contagious or infectious diseases, applicable to practitioners of medicine the sick or afflicted.

Sec. 19. All acts or parts of acts in conflict with the provisions of this act, are hereby repealed.

Approved March 22, 1913.

MEDICAL LAW OF ARKANSAS

Section 1. That the medical examiners herein provided for shall consist of three Boards: One of physicians and surgeons recommended by "The Homeopathic Medical Society of Arkansas," one of physicians and surgeons recommended by "The Arkansas State Eclectic Medical Society;" and one of physicians and surgeons recommended by "The Arkansas Medical Society."

There shall be seven (7) members of each Board, appointed so as to have one member from each Congressional District upon each Board. The appointment shall be made by the Governor from a list of names presented by the respective medical societies.

Sec. 2. That the members first appointed to the Board shall be divided into two (2) classes; the first class to consist of four (4) members appointed for two (2) years; the second class of three (3) members shall be appointed for four (4) years, and thereafter all appointments shall be for four (4) years.

Vacancies in said Boards shall be filled as they occur by appointments from the list furnished as provided. No member shall be appointed for more than two terms in succession; and no member, or professor, or teacher in a medical college or school, or university, having a medical department, shall be appointed upon the Board.

Sec. 3. Within thirty days after their appointment the respective Boards shall meet and organize by electing a President, Secretary and Treasurer of their respective Boards.

"The Treasurer of each of the said Boards shall give bond in such amount as may be designated by the Board conditioned for the faithful disbursement of all moneys coming into his hands as such Treasurer.

"Each of the said Boards shall have a common seal. The President and Secretary shall have power to administer oaths for the purpose of this Act, (and the Boards shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State, or of the United States, whereby to perform the duties and to transact the business required under the provisions of this Act.) The members of the Board shall, before entering upon the discharge of their duties, take the oath prescribed by the Constitution of the State for the State officers.

Sec. 4. That said Boards shall hold two regular stated meetings per year, to-wit: The second Tuesdays in May and November, and at such places as a majority may agree upon, consulting the convenience of the Boards and applicants for examination and certificates.

Sec. 5 The Boards shall be styled and known as the "Homeopathic Medical Board," "The Eclectic State Medical Board" and "The State Medical Board of the Arkansas Medical Society. The Homeopathic State Medical Board shall examine all applicants who have graduated from Homeopathic medical schools; the Eclectic State Medical Board shall examine all applicants who have graduated from Eclectic medical schools and the State Medical Board of the Arkansas Medical Society shall examine all other applicants.

The Boards shall act separately and independently of each other, and whenever this Act refers to and defines the duties of the Board, it shall be construed as referring to their acting separately, as well as independently of each other.

Sec. 6. Every person now practicing medicine in this state shall, within ninety days after the passage of this act, prepare a written statement, giving his name, postoffice address and county; when and where he received authority to practice medicine in this State; where his diploma or certificate is on record; and, if a diploma, from what school or medical college issued; such statement shall be sworn to before some officer authorized to administer oaths, and shall be forwarded to the Secretary of the Board representing his school of medicine.

If it shall appear from such statement that such person was regularly authorized to practice medicine under the then existing laws, the said Board shall register the name of such person in their list of accredited physicians, and issue to such person a certificate that his name has been placed upon such list. If it shall appear from the statement that such person has not been legally authorized to practice medicine, or that his diploma is not from a reputable medical school or college, or, if from any other source of information, it shall appear that the statement is false the Board shall refuse to issue to such person a certificate, and shall notify such person in writing of their refusal and the reason therefor. If such person shall show to the satisfaction of the Board by affidavits or otherwise that he has complied with the laws of this State regulating the practice of medicine, they shall in that event issue to him a certificate. Upon the failure of such person to make the proof required by this section, he shall, before continuing in the practice, make application and stand examination required by the following provisions of this act.

Sec. 7. Any person who shall wilfully and knowingly make any false statement to the Board concerning his authority to practice medicine shall be deemed guilty of perjury and punished, as now provided by law for those found guilty of perjury, and may be indicted and tried for such offense, either in the county where the affidavit to such statement was made, or where such person resides.

Sec. 8. Every person residing in the State, or coming into it, of the age of twenty-one years, who has not heretofore been licensed to practice medicine under the existing laws, making application to register under the provisions of this Act for the purpose of practicing medicine in this State, shall first make application to the Secretary of the Board representing the school of medicine from which he graduated, and his application shall be accompanied by a fee of fifteen dollars, this fee being for examination and registration before the Boards. The applicant shall present to the Board satisfactory evidence of graduation from a reputable medical school, and a school shall be considered reputable within the meaning of this Act whose entrance requirements and courses of instruction are as high as those adopted by the better class of medical schools of the United States. Such examination may be written or oral, and shall be of a practical character and conducted on the scientific branches only, and shall include anatomy, physiology, medical chemistry, materia medica, therapeutics, theory and practice of medicine, pathology, bacteriology, surgery, obstetrics, gynecology, and hygiene. All questions and answers, with grades attached, shall be preserved by the Secretary for one year. If, in the opinion of the Board, the applicant possesses the necessary qualifications, the Board shall issue to him a certificate. The Boards may, at their discretion, arrange for reciprocity in license with the authorities of States and Territories having requirements equal to those established by the Boards, and every person desiring license under reciprocity must make application to the Secretary of the Board representing the school of medicine from which he graduated. License may be granted applicants for license under such reciprocity on payment of twenty-five dollars.

The Boards may refuse to grant or may revoke a license for the following causes, to-wit:

(A) Chronic and persistent inebriety.

(B) The practice of criminal abortion, either as principal or abettor.

(C) Conviction of the crime involving moral turpitude.

(D) Publicly advertising special ability to treat or cure chronic and incurable diseases.

(E) The representation to the Board of any license, certificate or diploma which was illegally or fraudulently obtained, or the practice of fraud or deception in passing the examination. In complaints for violating the provisions of this Section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said Board in person, or by attorney, and any person after such refusing or revocation of license, who shall attempt and continue the practice of medicine, shall be subject to the penalties hereinbefore described.

Sec. 9. Every person receiving a certificate from the Board, whether practicing now or hereafter licensed to practice, shall have such certificate recorded in the office of the County Clerk where he is practicing or proposes to practice; and, when such person moves to another county for the purpose of continuing the practice of medicine, he shall file for record with the County Clerk of the county to which he moves, a certified copy of his certificate.

Sec. 10. That to prevent delay and inconvenience any member of the Board applied to, provided that the Board applied to represents the school of medicine from which the applicant graduated, may grant a temporary permit to practice upon the payment of the fee required for applicants, and after a satisfactory examination; such permit shall not continue in force longer than the next regular stated meeting of the Board, and shall not be granted for a longer period than two months in advance of the next regular and stated meeting of the Board.

Sec. 11. Every person who shall practice, or attempt to practice medicine in any of its branches, or who shall perform or attempt to perform any surgical operation for any person, or upon any person within this State, without first having complied with the provisions of this act, shall be deemed guilty of misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than Twenty-five ($25) Dollars, nor more than Five Hundred ($500) Dollars; or by imprisonment in the county jail for a period of not less than ten days, nor more than ninety days; or, by both fine and imprisonment; and each day of such practice shall constitute a separate offense.

Provided, however, that this shall not apply to persons now engaged in the practice of medicine until ninety days after the passage of this act, the time allowed them for procuring their certificate.

Sec. 12. Any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or, who may, by writing, print or other methods, profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient, in this State, shall be deemed to be in violation of this law and punished as provided. This does not apply to persons who obtain certificates as herein provided.

Sec. 13. Any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append M. D. or M. B. to his name; or, repeatedly prescribe or direct for the use of any person or persons, any drug or medicine or other agency for the treatment, cure, relief of any bodily injury, deformity or disease.

Provided, That nothing in this act shall be construed as to prevent any person from administering domestic remedies without receiving any compensation therefor, and nothing herein shall apply to the so-called midwives.

Sec. 14. The Secretary of the Board shall provide the Board with blank books, certificates, and such stationery as is necessary for the transaction of the business pertaining to their duties. All money received by the Board shall be disbursed by the Treasurer upon the warrant of the Secretary countersigned by the President of the Board.

The members of the Board shall receive as a compensation for their services the sum of Ten ($10) Dollars per day for every day actually engaged in the discharge of their duties under this act, and the Secretaries shall receive such additional salary as may be fixed and agreed upon by the Boards.

The members of the Board shall pay their own traveling expenses and hotel bills. The members of the Board shall look to and be dependent entirely upon the fees provided herein for their compensation, and all other expenses in connection with their duties.

It shall not be lawful for the said Boards or any members thereof, in any manner whatever, or for any purpose, to charge or obligate the State for the paying of any money whatever. If, after paying all legitimate obligations of the Board, for stamps, printing, salary of Secretary, etc., there should not be sufficient sums on hand to pay each member his per diem in full, the amount shall be prorated, but, if at the end of the year, there should be a greater revenue than sufficient to meet all obligations, such surplus shall remain in the Treasury to be used in expenditures of the Boards during the succeeding year.

Sec. 15. The Boards shall annually file with the Governor a report of their transactions during the year, giving the names of all whom they have granted certificates during the year, naming the system of medicine practiced by each, and shall in such report show the amount of money received; and from what source, the amount expended, and for what purpose, and shall embody in their report any other matters or facts deemed expedient, and make such recommendations for the improvement of the practice of medicine in this State as may be deemed advisable.

If the Boards shall have sufficient funds on hand to pay for same, they shall have said reports printed in pamphlet form and furnish each physician in this State with a copy thereof.

Sec. 16. That all laws and parts of laws contrary to and in conflict with any of the provisions of this Act be, and the same are hereby repealed, and this Act shall take effect and be in force in ninety days after passage.

THE GANT LAW

Section 1. That any physician, surgeon, or person engaged in the practice of medicine in the state, for the purpose of procuring patients, employ any solicitor, capper or drummer, or shall subsidize or employ any hotel or boarding house, or advertise his business or remedies by untruthful or improbable statements made in his advertisements, circulars or cards, or who shall obtain any fee or compensation from any one by any assurance or promise that a manifestly incurable disease is curable, or who shall wilfully betray or expose any professional secret learned by him from his patient or patron, to the detriment of such patient or patron, or who shall become a habitual drunkard and continue the practice of medicine or surgery while such habitual drunkard, or administer any medicine or perform any operation while drunk, shall be deemed guilty of a misdemeanor, and on conviction be punished by a fine not less than twenty-five dollars (25) and not more than two hundred dollars ($200), and by a revocation of his license to practice medicine and surgery, which such revocation shall be adjudged and pronounced by the same court in which he is tried and convicted, and at the same time.

Sec. 2. That whenever any physician and surgeon, or person engaged in the practice of medicine or surgery in this State, shall be convicted of any crime and misdemeanor, involving moral turpitude, in addition to the other penalty or penalties imposed upon him, shall be added a revocation of his license to practice medicine and surgery.

Sec. 3. That if any physician or surgeon or other person engaged in the practice of medicine shall commit the crime of abortion, or aid or abet in the commission thereof; provided, this section shall not apply to any abortion produced by any regular practicing physician, for the purpose of saving the mother's life, he shall be adjudged guilty of a felony and punished by imprisonment in the State penitentiary for a period of not less than one year nor more than five years and his license to practice shall be revoked.

Sec. 4. That any physician or surgeon or person whose license to practice shall, on conviction under the provisions of this act, have his license revoked, may appeal from the judgment of conviction, but shall not, pending the appeal, be permitted to practice either medicine or surgery, and that if he does so practice, or attempts or offers to so practice, pending the appeal, he shall be punished in the same manner and to the same extent as if he had never had any license to practice.

Sec. 5. That after the expiration of one year from the date of revocation of the license of any physician and surgeon, under this act, he may appeal to the proper medical board for a new license, and may be re-licensed, if he shall satisfy the board that he is qualified, has reformed and is worthy.

Sec. 6. That all laws and parts of laws in conflict herewith are hereby repealed, and this act shall take effect and be in force from and after its passage.

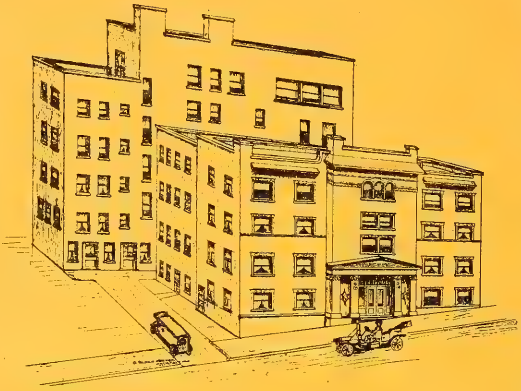
Clara Barton Hospital

447 S. Olive Street

Located near the heart of the business center of the city on a quiet street, of easy access for the busy physician, this modern hospital has earned an enviable reputation for good service to its patients and a "square deal" to the attending physicians.



Los Angeles, California

A new absolutely fire-proof, six story addition has just been completed, in which we have two model operating rooms, that from points of perfection are not excelled by any in the United States.

Our Rates are $3.50 per day and up for private rooms and $2.00 per day in the wards.

An accredited Training School for Nurses is connected with the Hospital. Pupils' applications are received at any time.

GERMAN SANITARIUM

Phones: South 839; Home 20829
726 EAST ADAMS ST., LOS ANGELES, CAL.

A quiet, home-like resting place. Well equipped for acute and chronic disorders. Quiet location, sunny, airy rooms, steam heated, hot and cold water in every room.

The treatment rooms have all the latest improved apparatus for hydro-, electro-, mechano-therapy and massage. We specialize on massage treatments. Up-to-date operating room. A special feature of the institution is the treatment of fractures, dislocations and diseases of bones, under the care of an expert surgeon. Most competent specialists, pathologist and chemist are associated with us.

Every convenience for the care and welfare of the patients is supplied. Large ground, rest beds under shade trees. Invalids and chronic patients find a good home. Special attention given to patients who are on diet. Rates very reasonable.

MEDICAL LAW OF CALIFORNIA

An Act to regulate the examination of applicants for license and the practice of those licensed, to treat diseases, injuries, deformities, or other physical or mental conditions of human beings; to establish a board of medical examiners, to provide for their appointment and prescribe their powers and duties, and to repeal an act entitled, etc., approved June 2, 1913; amended April 24, 1915.

Section 1. A board of medical examiners to consist of ten members, and to be known as the "board of medical examiners of the State of California," is hereby created and established. The governor shall appoint the members of the board, each of whom shall have been a citizen of this State for at least five years next preceding his appointment. Each of the members shall be appointed from among persons who hold licenses under any of the medical practice acts of this State. The governor shall fill by appointment all vacancies on the board. The term of office of each member shall be four years; provided, that of the first board appointed, three members shall be appointed for one year, two for two years, two for three years and three for four years, and that thereafter all appointments shall be for four years, except that appointments to fill vacancies shall be for the unexpired term only. No person in any manner owning any interest in any college, school or institution engaged in medical instruction shall be appointed on the board, nor shall more than one member of the board be appointed from the faculty of any one university, college, or other educational institution. The governor shall have power to remove from office any member of the board for neglect of duty required by this act, for incompetency, or for unprofessional conduct. Each member of the board shall, before entering upon the duties of his office, take the constitutional oath of office.

Sec. 2. The board shall be organized on or before the first Tuesday of September, 1913, by electing from its number a president, vice-president, and a secretary who shall also be the treasurer, who shall hold their respective positions during the pleasure of the board. The board shall hold one meeting annually beginning on the second Tuesday in January in the city of Sacramento and at least two additional meetings annually, one of which shall be held in the city of Los Angeles and the other in the city of San Francisco, with power of adjournment from time to time until its business is concluded, provided, however, that examinations of applications for certificates may, in the discretion of the board, be conducted in any part of the State designated by the board. Special meetings of the board may be held at such time and place as the board may designate. Notice of each regular of special meeting shall be given twice a week for two weeks next preceding each meeting in one daily paper published in the city of San Francisco, one published in the city of Sacramento, and one published in the city of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. The secretary of the board upon an authorization from the president of the board or the chairman of a committee, may call meetings of any duly appointed committee of the board at a specified time and place and it shall not be necessary to advertise such committee meetings. The board shall receive through its secretary applications for certificates provided to be issued under this act and shall, on or before the first day of January of each year, transmit to the governor a full report of all its proceedings together with a report of its receipts and disbursements. The board shall, on or before the first day of January of each year, compile and thereafter publish and sell, a complete directory giving the addresses of all persons within the State of California who hold unrevoked licenses to practice under any medical practice act of the State of California, which license shall in any manner authorize the treatment of human beings for diseases, injuries, deformities, or any other physical or mental conditions. The board is hereby authorized to require said persons to furnish such information as it may deem necessary to enable it to compile the directory. The directory shall contain in addition to the names and addresses of said persons, the names and symbols indicating the title, name or names, school or schools, which such person has attended and from which graduated, the date of issuance of the license, the present residence of said person and a statement of the form of certificate held. The directory shall be prima facie evidence of the right of the person or persons named therein to practice. It shall be the duty of every person holding a license to practice under any medical act of this State, or who may hereafter be so licensed to practice, to report immediately each and every change of residence, giving both the old and the new address.

Sec. 3. The office of the board shall be in the city of Sacramento. Sub-offices may be established in Los Angeles and San Francisco and such records as may be necessary may be transferred temporarily to such sub-offices. Legal proceedings against the board may be instituted in any one of said three cities.

Sec. 4. The board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. It shall require the affirmative vote of seven members of said board to carry any motion or resolution, to adopt any rules, to pass any measure, or to authorize the issuance of any certificate as in this act provided. Any member of the board may administer oaths in all matters pertaining to the duties of the board, and the board shall have authority to take evidence in any matter cognizable by it. The board may in its discretion appoint or designate any qualified and competent person or persons to give the whole or any portion of any examination as provided in this act; such person or persons need not be a member of the board of medical examiners and shall be designated as a commissioner on examination and shall be subject to the same rules and regulations and entitled to the same fee and remuneration as if a member of the board. The board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, together with the action of the board upon each application.

Sec. 5. The board is authorized to prosecute all persons guilty of violation of the provisions of this act. It shall have the power to employ legal counsel for such purpose, and may also employ inspectors, special agents and investigators and such clerical assistance as it may deem necessary to carry into effect the provisions of this act. The board may fix the compensation to be paid for such service and may incur such other expenses as it may deem necessary. It shall also fix the salary of the Secretary, not to exceed the sum of three thousand dollars per annum, and the sum to be paid to other members of the board, not to exceed ten dollars per diem each, for each and every day of actual service in the discharge of official duties; such service to include the attendance at special

meetings of the board and committee meetings of the board and while actively engaged in the review of examination papers, based upon one per diem for each thirty papers or fraction thereof. Each member of the board shall make an affidavit before some duly authorized person in the State of California that such service has been actually performed; and the board may in its discretion, add to said sum necessary traveling expenses.

Sec. 6. All fees collected on behalf of the board of medical examiners, and all receipts of every kind and nature, shall be reported at the beginning of each month, for the month preceding, to the State controller, and at the same time the entire amount of such collections shall be paid into the State treasury, and shall be credited to a fund to be known as the board of medical examiners' contingent fund, which fund is hereby created. Such contingent fund shall be for the uses of the board of medical examiners and out of it shall be paid all salaries and all other expenses necessarily incurred in carrying into effect the provisions of this act. An amount not to exceed one thousand dollars ($1,000) may be drawn from the contingent fund herein created, to be used as a revolving fund where cash advances are necessary; but expenditures from such revolving fund must be substantiated by vouchers and itemized statements at the end of each fiscal year, or at any other time when demand therefor is made by the board of control.

Sec. 7. Every applicant for a certificate shall pay to the secretary of the board a fee of twenty-five dollars ($25), which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient or in case he does not desire to take the examination, the sum of ten dollars ($10) shall be retained, the remainder of the fee being returnable on application.

Sec. 8. Three forms of certificates shall be issued by said board under the seal thereof and signed by the president and secretary; first, a certificate authorizing the holder thereof to use drugs or what are known as medicinal preparations in or upon human beings and to sever or penetrate the tissues of human beings and to use any and all other methods in the treatment of diseases, injuries, deformities, or other physical or mental conditions, which certificate shall be designated "physician and surgeon certificate"; second, a certificate authorizing the holder thereof to treat diseases, injuries, deformities, or other physical or mental conditions without the use of drugs or what are known as medicinal preparations and without in any manner severing or penetrating any of the tissues of human being except the severing of the umbilical cord, which certificate shall be designated "drugless practitioner certificate"; third, a certificate authorizing the holder thereof to practice chiropody. For the purpose of this act chiropody is defined to be the surgical treatment of abnormal nails and superficial excresences occurring on the feet, such as corns, callosities, and the treatment of bunions; but it shall not confer the right to operate upon the feet for congenital or acquired deformities, or for conditions requiring the use of anesthetics other than local, or incisions involving structures below the level of the true skin. A "reciprocity certificate" shall also be issued under the provisions hereinafter specified. Any of these certificates on being recorded in the office of the county clerk, as hereinafter provided, shall constitute the holder thereof a duly licensed practitioner in accordance with the provisions of his certificate.

Sec. 9. Every applicant must file with the board, at least two weeks prior to the regular meeting thereof, satisfactory testimonials of good moral character, and a diploma or diplomas issued by some legally chartered school or schools approved by the board, the requirements of which school or schools shall have been at the time of granting such diploma or diplomas in no degree less than those required under this act, or satisfactory evidence of having possessed such diploma or diplomas, and must file an affidavit stating that he is the person named in said diploma or diplomas, and that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination without fraud or misrepresentation; provided, that in addition thereto, each applicant for a "physician and surgeon certificate" must show that he has attended four courses of study, each such course to have been of not less than thirty-two weeks duration, but not necessarily pursued continuously, or consecutively, and that at least ten months shall have intervened between the beginning of any course and the beginning of the preceding course; provided, further, that an applicant for a "drugless practitioner certificate" must show that he has attended two courses of study, each such course to have been of not less than thirty-two weeks duration, but not necessarily pursued continuously or consecutively, and that at least ten months shall have intervened between the beginning of any course and the beginning of the preceding course; the course in chiropody is to consist of not less than thirty-nine weeks consisting of not less than six hundred sixty-four hours; provided, also, that before July 1, 1918, in lieu of the diploma or diplomas and preliminary requirements herein referred to where the applicant can show to the satisfaction of the board of medical examiners that he has taken courses hereinafter required in a school or schools approved by the board totaling for applicants for "drugless practitioner certificate" not less than sixty-four weeks consisting of not less than two thousand hours and for "physician and surgeon certificate" totaling not less than one hundred twenty-eight weeks consisting of not less than four thousand hours, it being required that all applicants shall have received passing grades in all such courses, that the applicant or applicants shall be admitted to examination for their respective form of certificates.

The said application shall be made upon a blank furnished by said board and it shall contain such information concerning the medical instruction and the preliminary education of the applicant as the board may by rule prescribe. In addition to the requirements herein above provided for, applicants for any form of certificate hereunder shall present to said board at the time of making such application a diploma from a California high school or other school in the State of California requiring and giving a full four years' course of same grade, or other schools elsewhere, requiring and giving a full four years' standard high school course, or its equivalent, approved by the board, together with satisfactory proof that he is the lawful holder of such diploma and that the same was procured in the regular course of instruction. The passing of an examination before the entrance examining board for the entrance to the academic department of the University of California or Stanford University or the University of Southern California, or the possession of documentary evidence of admission to the academic department of such institutions as a regular student or in full standing shall be sufficient basic or preliminary educational qualifications. In lieu of such diploma, the applicant may present: (1) a certificate from the college entrance examination board, or the college examining board of any State or territory showing that such applicant has successfully passed the examination of said board; or (2) if such applicant be thirty years or more of age he may show to the satisfaction of the board of medical examiners proof of preliminary education equivalent in training power to the foregoing requirements. After January 1, 1919, every applicant for a "physician and surgeon certificate" shall in addition to the foregoing requirements, present to the board satisfactory evidence that before beginning the last half of the second year in the study of medicine he has completed a course which includes at least one year of work, of college grade, in each of the subjects of physics, chemistry and biology. The preliminary or basic educational requirements for a chiropodist shall be as follows: On and after July 1, 1915, the successful completion of one year of high school work or its equivalent on and after July 1, 1918, two years of high school work or its equivalent; on and after July 1, 1920, three years of high school work or its equivalent; on and after July 1, 1922, four years of high school work or its equivalent.

Sec. 10. Applicants for any form of certificate shall file satisfactory evidence of having pursued in any legally chartered school or schools, approved by the board, a course of instruction covering and including the following minimum requirements:

(Amended April 24, 1915.)

Sec. 11. In addition to above requirements, all applicants for "physician and surgeon certificate" must pass an examination to be given by the board in the following subjects:

1. Anatomy and histology.
2. Physiology.
3. Bacteriology and pathology.
4. Chemistry and toxicology.
5. Obstetrics and gynecology.
6. Materia medica and therapeutics, pharmacology, including prescription writing.
7. General medicine, including clinical microscopy.
8. Surgery.
9. Hygiene and sanitation.

All applicants for "drugless practitioner certificates" must pass an examination in the following subjects:

1. Anatomy and histology.
2. Physiology.
3. General diagnosis.
4. Pathology and elementary bacteriology.
5. Obstetrics and gynecology.
6. Toxicology and elementary chemistry.
7. Hygiene and sanitation.

Provided, that a person who holds a "drugless practitioner certificate," issued upon satisfactory proof of the course of instruction and minimum requirements demanded in section 10 hereof and who presents evidence of having successfully completed the additional courses required for the "physician and surgeon certificate" as hereinbefore provided, shall be permitted to take his examination in subjects required for a "physician and surgeon certificate" without being re-examined in "drugless practitioner" subjects.

The subjects for such examination shall be:

1. Advanced chemistry.
2. Advanced bacteriology.
3. Surgery.
4. Materia medica and therapeutics, pharmacology, including prescription writing.
5. General medicine, including clinical microscopy.

All applicants for a certificate to practice chiropody must pass an examination in the following subjects:

1. Anatomy and histology.
2. Physiology, chemistry and hygiene.
3. Pathology and bacteriology.
4. Dermatology and syphilis.
5. Orthopedics and surgery.
6. Chiropody and therapeutics.

All examinations shall be practical in character and designed to ascertain the applicant's fitness to practice his profession, and shall be conducted in the English language, and at least a portion of the examination in each of the subjects shall be in writing. There shall be at least ten questions on each subject, the answers to which shall be marked on a scale of zero to one hundred. Each applicant must obtain no less than a general average of seventy-five per cent., and not less than sixty per cent. in any two subjects; provided, that any applicant shall be granted a credit of one per cent. upon the general average for each year of actual practice since graduation; provided, further, that any applicant for "physician and surgeon certificate" obtaining seventy-five per cent. each in seven subjects and any applicant for "drugless practitioner certificate" obtaining seventy-five per cent. each in five subjects and an applicant for a certificate to practice chiropody obtaining over seventy-five per cent in seven subjects, shall be subsequently re-examined in those subjects only in which he failed, and without additional fee Any person who at any time prior to January 1, 1916, shall pay to the secretary of said board the fee of twenty-five dollars and submits satisfactory proof of good moral character and of a resident one-year course of not less than one thousand hours in a legally chartered school approved by the board and satisfactory proof of three years of actual practice of a drugless system of the healing art, such three years of actual practice to have been in the State of California, shall be admitted to the drugless practitioner examination; provided, however, that in the event of a license being granted to such applicant he will not be eligible thereafter for the physician's and surgeon's certificate without a full and complete compliance with the terms and provisions of sections 9 and 10 hereof Any one who shall pay the fee of fifty dollars to the secretary of the board prior to January 1, 1916, and submits to the board satisfactory proof of good moral character and proof of six years' actual practice of a drugless system of the healing art, three years of which must have been in the State of California, and satisfactory proof of a resident one-year course of not less than one thousand hours in a legally chartered school approved by the board and upon proof of competency in a drugless system may be granted a certificate to practice a drugless system in this state; provided, however, that such licensee shall not be permitted to take the physician's and surgeon's examination without a full and complete compliance with the terms of sections 9 and 10 hereof

The examination papers shall form a part of the records of the board, and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application. The secretary of the board shall in no instance participate as an examiner in any examination held by the board. All questions on any subject in which examination is required under this act shall be provided by the board of medical examiners upon the morning of the day upon which examination is given in such subject, and when it shall be shown that the secretary or any member of the board has in any manner given information in advance of or during examination to any applicant it shall be the duty of the governor to remove such person from the board of medical examiners, or from the office of secretary.

All certificates issued hereunder must state the extent and character of practice which is permitted thereunder and shall be in such form as shall be prescribed by the board.

Sec. 12. Any medical director, medical inspector, passed assistant surgeon, or assistant surgeon of the United States navy, honorably discharged or temporarily detached, or placed upon the retired list without being discharged or on active duty, from the medical department of the United States navy, or who by resignation has honorably severed all connection with the service, and any surgeon of the United States army, honorably discharged, or temporarily detached or placed upon the retired list without being discharged or on active duty from the medical department of the United States army, or who by resignation has honorably severed all connection with the service, is hereby authorized to practice medicine and surgery within the State of California, by filing a sworn copy of his discharge, if he be discharged, or of the order temporarily detaching him or the order placing him upon the retired list, with the state board of medical examiners or by proving to the satisfaction of the board that by resignation he has honorably left the service of either the army or navy, and paying said board a fee of fifty dollars; provided, however, that this provision shall not apply to any contract surgeon in the United States army or navy, and shall not apply to any officer of medical reserve corps of either said army or navy.

Sec. 12½. Any person who at any time within ninety days from and after the passing of this act shall pay to said board, the registration fee of fifty dollars, as herein provided, and furnish to said board satisfactory proof of the fact that such applicant has been actually engaged in the practice of chiropody in the State of California for the period of one year prior to July 1, 1915, and that such applicant possesses a good moral character and competency in the practice of chiropody, shall be entitled to practice chiropody, and said board must issue to him a chiropody certificate.

Sec. 13. Said board must also issue a certificate to practice a system or mode of treating the sick or afflicted recognized by this act or any preceding practice act in the State of California to any applicant, without any examination, authorizing the holder thereof to practice a system or mode of treating the sick or afflicted in the State of California, upon payment of a registration fee of fifty dollars, upon the following terms and conditions and upon satisfactory proof thereof, viz.: The applicant shall produce a certificate entitling him to practice a system or mode of treating the sick or afflicted, as provided in this act or any preceding practice act of the State of California, issued either by the medical examining board, or by any other board or officer authorized by the law to issue a certificate entitling such applicant to practice a system or mode of treating the sick or afflicted either in the District of Columbia or in any state or territory of the United States, or if such certificate shall have been lost, then a copy thereof, with proof satisfactory to the board of medical examiners of the State of California that the copy is a correct copy. Said certificate must not have been issued to such applicant prior to the first day of August, 1901, and the requirements from the college from which such applicant may have graduated, and the requirements of the board which was legally authorized to issue such certificate permitting such applicant to practice a system or mode of treating the sick or afflicted shall not have been at the time such certificate was issued, in any degree or particular less than those which were required for the issuance of a similar certificate to practice a system or mode of treating the sick or afflicted in the State of California at the date of the issuance of such certificate, or which may hereafter he required by law and which may be in force at the date of the issuance of any such certificate; and, provided further, that said applicant shall furnish from the board which issued said certificate, evidence satisfactory to the board of medical examiners of the State of California showing what the requirements were of the college and of the board, issuing such certificate at the date of such issuance. If, after an examination of such certificate, and the production on the part of the applicant of such further reasonable evidence of the said requirements as may be deemed necessary by the board of medical examiners of the State of California and any other or further examination or investigation which said board may see fit to make on its own part, it shall be found that the requirements of the board issuing such certificate were, when said certificate was issued, in any degree or particular less than the requirements provided by the law of the State of California at the date of the issuance of such certificate or that the applicant has not been a resident of the state from which the application is based for a period of one year subsequent to the issuance of such certificate he will not be entitled to practice within the State of California without an examination. An oral examination shall not be deemed to be of equal merit with a written examination and no certificate shall be issued in the case where a written examination was given in California and an applicant was given an oral examination in another state at the same time. The board is hereby authorized to enter into a contract or contracts of reciprocity with other states wherein the standard of such states is not in any degree or particular less than were the requirements in the State of California in the same year, for the issuance of a certificate to practice a system of mode of treating the sick or afflicted, such certificate to be similar in scope of practice as the certificate issued in the other state; provided, however, that an application based upon a certificate to practice any system or mode of treating the sick or afflicted issued in the District of Columbia or in any state or territory prior to March 4, 1907, if refused or denied by reason of the insufficiency of the standard of such state or territory then such applicant may have the privilege of either a written or oral examination before the board at the option of the applicant. Any person may file an application with the said board to practice medicine and surgery within the State of California, in the event that such applicant has been duly licensed prior to August 1, 1901, and has practiced medicine and surgery in another state or territory, or the District of Columbia, for a period of time commencing prior to the first day of August, 1901. Such application shall be verified and shall contain a statement showing: (a) the full name of the applicant; (b) all institutions at which he has studied and the period of such study, and all institutions from which he has graduated; (c) a statement of whatever certificate or certificates to practice medicine and surgery may have been issued to him, together with the date of such certificate and a description of the same, and, if required by the board, the certificates themselves, or satisfactory proof of their issuance; (d) a statement of all places in which said applicant has practiced medicine and surgery; (e) such other general information as to his past practice, as may be required by the said board. The said board shall make such independent investigation of the character, ability and standing of the applicant as it may deem proper and necessary, and if it shall find after such investigation that said applicant has been a practicing physician and surgeon in any other state or territory or the District of Columbia, prior to August 1, 1901, and prior to said last named date has been duly licensed so to practice, and that his reputation as such physician and surgeon is good in the community in which he has so practiced medicine and surgery, and has been a resident of his late state of residence for a period of one year prior to date of filing his application in the State of California, they shall afford him an examination on a day suiting the convenience of the board not more than six months subsequent to the presentation of said application. Said examination shall be oral, practical, and clinical in nature, and full consideration shall be given to the duration and character of the applicant's practice. If after such last mentioned examination it is determined by a majority vote of the said medical examiners conducting said examination, that such applicant is so qualified to practice medicine and surgery within the State of California, and that his reputation and standing in the community in which he has previously practiced is good, the said applicant shall be entitled to receive a "physician and surgeon certificate." Each applicant on making such application shall pay to the secretary of the board, a fee of fifty dollars, which shall be paid to the treasurer of the board, of which sum forty dollars shall be returned to him should he not receive a certificate hereunder. All certificates issued pursuant to this section shall be marked across the face thereof "reciprocity certificate."

Sec. 14. Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On the filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpoenas issued by the secretary of the board under its seal. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citation and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas and to citations are hereby made applicable to the subpoenas and citations provided for herein. Upon the secretary's certifying to the fact of refusal of any person to obey a subpoena or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court, and should said court find that the subpoena or citation has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter provided, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, or the person holding such certificate is found to be practicing contrary to the provisions thereof and of this act, it shall be the duty of said board either to suspend the right of the holder of said certificate to practice for a period not exceeding one year, or in its discretion to revoke his certificate. In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension; but, upon the expiration of the term of said suspension, he shall be reinstated by the board and shall be entitled to resume his practice, unless it shall be established to the satisfaction of the board that said person so suspended from practice, has, during the term of such suspension, practiced in the State of California, in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may be, and shall certify the fact of such suspension or revocation under the seal of the board, to the county clerk of the counties in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "The holder of this certificate was on the ....day of...................., suspended for..................," or "This certificate was revoked on the............day of.....................," as the case may be, giving the day, month and year of such revocation or length of suspension, as the case may be, in accordance with said certification to him by said secretary. The record of such suspension or revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said suspension or revocation. The words "unprofessional conduct" as used in this act, are hereby declared to mean:

First—The procuring or aiding or abetting or attempting or agreeing or offering to procure a criminal abortion.

Second—The wilfully betraying of a professional secret.

Third—All advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to public morals or safety.

Fourth—All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Fifth—Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth—Habitual intemperance or excessive use of cocaine, opium, morphine, codeine, heroin, alpha, eucaine, vita eucaine, uevacaine or chloral hydrate or any of the salts, derivatives or compounds of the foregoing substances or the prescribing, selling, furnishing, giving away or offering to prescribe, sell, furnish, or give away such substances to an habitue who is not under the direct personal and continuous treatment and care of the physician for the cure of the above mentioned drug.

Seventh—The personation of another licensed practitioner or permitting or allowing another person to use his certificate in the practice of any system or mode of treating the sick or afflicted.

Eighth—The use, by the holder of any certificate, in any sign or advertisement in connection with his said practice, or in any advertisement or announcement of his practice, of any fictitious name, or any name other than his own.

Ninth—The use, by the holder of a "drugless practitioner certificate" of drugs or what are known as medicinal preparations, in or upon any human being, or the severing or penetrating by the holder of said "drugless practitioner certificate" of the tissues of any human being in the treatment of any disease, injury, deformity, or other physical or mental condition of such human being, excepting the severing of the umbilical cord.

Tenth—Advertising, announcing or stating, directly, indirectly, or in substance, by any sign, card, newspaper advertisement or other written or printed sign or advertisement, that the holder of such certificate or any other person, company, or association by which he is employed or in whose service he is, will cure or attempt to cure, or will treat, any venereal disease, or will cure or attempt to cure or treat any person or persons for any sexual disease, for lost manhood, sexual weakness, or sexual disorder, or any disease of the sexual organs; or being employed by, or being in the service of, any person, firm, association, or corporation so advertising, announcing or stating.

Eleventh—The use by the holder of a drugless practitioner certificate of any letter, letters, word, words, or term or terms used either as prefix or affix or suffix indicating that such certificate holder is entitled to practice a system or mode of treating the sick or afflicted for which he was not licensed in the State of California.

Twelfth—The employment of "cappers" or "steerers" in procuring practice for a practitioner for a system or mode of treating the sick or afflicted provided for in this act.

Sec. 15. Every person holding a certificate under the laws of this state authorizing him to practice any system or mode of treating the sick or afflicted in this state must have it recorded in the office of the county clerk of the county or counties in which the holder of said certificate is practicing his profession, and the fact of such recordation shall be endorsed on the certificate by the county clerk recording the same. Any person holding a certificate as aforesaid, who shall practice or attempt to practice any other system or mode of treating the sick or afflicted in this state, without having first filed his certificate with the county clerk, as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars ($25.00) nor more than one hundred dollars ($100.00), or by imprisonment for a period of not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

Sec. 16. The county clerk shall keep in a book provided for the purpose a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Sec. 17. Any person who shall practice or attempt to practice, or who advertises or holds himself out as practicing, any system or mode of treating the sick or afflicted in this state, or who shall diagnose, treat, operate for, or prescibe for, any disease, injury, deformity, or other mental or physical condition of any person, without having at the time of so doing a valid unrevoked certificate as provided in this act, or who shall in any sign or in any advertisement use the word "doctor," the letters or prefix "Dr.," the letters "M. D.," or any other term or letters indicating or implying that he is a doctor under the terms of this or any other act, or that he is entitled to practice hereunder, or under any other law, without having at the time of so doing a valid unrevoked certificate as provided in this act shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than six hundred dollars or by imprisonment for a term of not less than sixty days nor more than one hundred and eighty days, or by both such fine and imprisonment. The fine or forfeiture shall be paid, when collected, to the state treasurer, and a report thereof shall be made to the state controller. It shall be the duty of the court to order the proper official of the court to forward such fines or forfeitures direct to the state treasurer to be deposited to the credit of the board of medical examiners' contingent fund without placing such fine or forfeiture in any special or contingent or general fund of any county, city and county, city or township.

Sec. 18. Any person, or any member of any firm, or official of any company, association, organization or corporation shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by imprisonment in the county jail for not less than ten days nor more than one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or by both such fine and imprisonment, who, individually or in his official capacity, shall himself sell or barter, or offer to sell or barter, any certificate authorized to be granted hereunder, or any diploma, affidavit, transcript, certificate or any other evidence required in this act for use in connection with the granting of certificates or diplomas, or who shall purchase or procure the same either directly or indirectly with intent that the same shall be fraudulently used, or who shall with fraudulent intent alter any diploma, certificate transcript, affidavit, or any other evidence to be used in obtaining a diploma or certificate required hereunder, or who shall use or attempt to use fraudulently any certificate, transcript, affidavit, or diploma, whether the same be genuine or false, or who shall practice or attempt to practice any system or treatment of the sick or afflicted, under a false or assumed name, or any name other than that prescribed by the board of medical examiners of the State of California on its certificate issued to such person authorizing him to administer such treatment, or who shall assume any degree or title not conferred upon him in the manner and by the authority recognized in this act, with intent to represent falsely that he has received such degree or title, or who shall wilfully make any false statement on any application for examination, license or registration under this act, or who shall engage in the treatment of the sick or afflicted, without causing to be displayed in a conspicuous manner and in a conspicuous place in his office the name of each and every person who is associated with or employed by him in the practice of medicine and surgery or other treatment of the sick or afflicted, or who shall, within ten days after demand made by the secretary of the board, fail to furnish to said board the name and address of all such persons associated with or employed by him or by any company or association with which he is or has been connected at any time within sixty days prior to said notice, together with a sworn statement showing under and by what license or authority said person or persons, or said employee or employees, is or are, or has or have been practicing medicine or surgery, or any other system of treatment of the sick or afflicted. It shall be the duty of any person or persons upon whom the board of medical examiners may make a demand for the name or names and address or addresses of a person or persons associated or employed by him or them to make affidavit that there are no such person or persons associated or employed by him or them, if such be the fact; provided, that such affidavit shall not be used as evidence against said person or employee in any proceedings under this section.

Sec. 19 Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in or entitled to, such certificate, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such penalties as are provided by the laws of this state for the crime of forgery.

Sec. 20. Any person not a member of the state board of medical examiners who shall sign, or issue, or cause to be signed or issued, any certificate authorized by this act, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than one hundred dollars ($100.00) nor more than six hundred dollars ($600.00) or by imprisonment for a term not less than sixty (60) nor more than one hundred and eighty (180) days, or by both such fine and imprisonment.

Sec. 21. Nothing in this act shall be construed to prohibit the practice by any person holding an unrevoked certificate heretofore issued under or validated by any medical practice act of this state, but all such certificates may be revoked for unprofessional conduct in the same manner and upon the same grounds as if they had been issued under this act.

Sec. 22. Nothing in this act shall be construed to prohibit service in the case of emergency, or the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States army, navy or marine hospital or public health service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry. Nor shall this act apply to any practitioner from another state or territory, when in actual consultation with a licensed practitioner of this state, if such practitioner is, at the time of such consultation, a licensed practitioner in the state or territory in which he resides; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this state. Nor shall this act be construed so as to discriminate against any particular school of medicine or surgery, or any other treatment, nor to regulate, prohibit or to apply to, any kind of treatment by prayer, nor to interfere in any way with the practice of religion.

23. An act entitled "An act for the regulation of the practice of medicine and surgery, osteopathy, and other systems or modes of treating the sick or afflicted, in the State of California, and for the appointment of a board of medical examiners in the matter of said regulation," approved March 14, 1907, as amended by a certain act approved March 19, 1909, as amended by a certain act approved May 1, 1911, is hereby repealed, and also all other acts and parts of acts in conflict with this act are hereby repealed.

MEDICAL LAW OF COLORADO

An Act to Protect the Public Health and Regulate the Practice of Medicine in the State of Colorado. Approved April 12, 1915.

Section 1. A board is hereby established, to be known by the name and style of the State Board of Medical Examiners. Said Board shall be composed of nine practising physicians of integrity and ability, who shall be residents of and have been duly licensed to practice medicine in this state, and who shall have been graduated from medical schools of high educational requirements and standing, and have been engaged in the active practice of their profession within this state. Said board shall perform such duties and possess and exercise such powers relative to the protection of the public health and the control and regulation of the practice of medicine in this state as shall be in this Act prescribed and conferred upon it.

Sec. 2. The governor shall appoint nine physicians, who shall possess the qualifications specified in Section 1 of this Act, to constitute the members of said board. Said members shall be so classified by the governor that the term of office of three shall expire in two, three in four and three in six years from the date of the appointment. Biennially thereafter the governor shall appoint three members, who shall possess the qualifications as specified in Section 1 of this Act, each to serve for the term of six years, and he shall fill vacancies in the membership of said board as soon as practicable.

Sec. 3. Said board shall biennially elect a president, a vice-president and a secretary-treasurer from their membership, and shall adopt a seal, which shall be affixed to all licenses issued by them. They shall, from time to time, adopt such rules and regulations as they may deem necessary for the performance of their duties, and a schedule of minimum educational requirements, which shall be without prejudice, partiality and discrimination as to schools or systems of practice of medicine. When an applicant for a license offers to the board satisfactory proof that he has complied with such educational requirements as are specified in said schedule, the board shall accept such proof as sufficient evidence of the educational qualifications of the applicant, to entitle him to a license without examination; provided, however, that any person who shall have been lawfully engaged in the practice of the healing art in the State of Colorado, for not less than three months immediately prior to the date upon which this act takes effect, and is a graduate from an institute chartered to teach the healing art, by the state wherein it was located, which school, in case the practitioner graduated therefrom prior to Jan. 1, 1908, required such practitioner to be in actual attendance for two years of nine months each of not less than 1,000 hours of instruction work in each of those years in order to graduate, and which school, in case the practitioner graduated therefrom subsequent to Jan. 1, 1908, required the practitioner to be in actual attendance for three years of nine months each of not less than 1,000 hours of instruction work in each of these years in order to graduate, shall be granted a license to practice medicine in the State of Colorado by the State Board of Medical Examiners without examination as to his skill or knowledge; provided further that such practitioner shall make application to the said Board of Medical Examiners for such license within ninety days after date upon which this law takes effect upon such blank forms as said board shall provide and shall pay the fees herein prescribed and shall furnish evidence satisfactory to the board that he is a person of good moral character and possesses the educational qualifications hereinabove specified.

Sec. 4. The State Board of Medical Examiners shall meet as a Board of Medical Examiners in the City of Denver, on the first Tuesday of January, April, July and October of each year, and at such other times and places as may be found necessary for the performance of their duties.

Sec. 5. Any person wishing to obtain the right to practice medicine in this state, who has not heretofore been licensed so to do shall, before it shall be lawful for him to practice medicine in this state, make application to said State Board of Medical Examiners, through the secretary-treasurer thereof, upon such form and in such manner as shall be adopted and prescribed by the board, and obtain from the board a license so to do. Unless such person shall have obtained a license as aforesaid, it shall be unlawful for him to practice medicine in this state; and if he shall practice medicine in this state without first having obtained such a license he shall be deemed to have violated the provisions of this Act. All applicants for a license to practice medicine or for a renewal of any such license which has been revoked shall furnish the board with satisfactory evidence of good moral character.

Sec. 6. Said board shall have authority to administer oaths, to summon witnesses and to take testimony in all matters relating to their duties. Said board shall issue licenses to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this Act and the rules and regulations of the board. Such licenses shall be signed by the president and attested by the secretary-treasurer of the board under its adopted seal, and they shall be absolute authority to the persons to whom they are issued to practice medicine in this state. It shall be the duty of the secretary-treasurer, under the direction of the board, personally or by deputy, to aid the several district attorneys of the state in the enforcement of this act and in the prosecution of all persons charged with violating any of its provisions.

Sec. 7. There shall be paid to the secretary-treasurer of the State Board of Medical Examiners by each applicant for a license a fee of twenty-five dollars ($25), which shall accompany the application. Two-fifths of the fee shall be returned to the applicant in case the board shall refuse to grant him a license.

Sec. 8. Every person who desires to obtain a license to practice medicine in the State of Colorado shall first make application for such license upon such form as the State Board of Medical Examiners shall provide, giving all information called for therein, and pay the license fee herein specified and shall furnish to the board such evidence of good moral character as the board may demand. Thereupon, the board shall investigate the moral character, education and experience of the applicant. The burden of showing a good moral character to the satisfaction of the Board of Medical Examiners shall be upon the applicant, but the board shall make such independent investigation as it shall see fit. No person shall be granted a license upon his credentials nor permitted to take an examination for a license until the board is satisfied that he possesses a good moral character. The board shall next determine whether or not the applicant is entitled to a license upon his credentials and in determining this question they shall consider his general reputation, preliminary education, degrees received from educational institutions, licenses to practice in other states, practice and hospital experience, experience as a teacher of medicine and any other matter tending to show his fitness to receive a license without examination. If the applicant is not granted a license upon his credentials, or if he prefers to be licensed by examination instead of upon his credentials, he shall be permitted to take an examination before the board and no person who possesses a good moral character and has made application for a license upon the form provided by the board and has paid the fees herein specified, shall be denied the right to take the examination. However, no person who elects to take an examination and fails therein shall thereafter be licensed upon credentials which he possessed at the time of the examination, nor shall any person who has been licensed upon credentials be permitted to take an examination. Every applicant for a license shall be designated by number instead of by name, so that his identity shall not be disclosed to the members of the board until after the examination papers are graded, and every applicant whose examination papers grade at least seventy-five (75) per cent, on the average shall be granted a license. The subjects of examinations shall be as follows: Anatomy, physiology, chemistry, symptomatology, toxicology, pathology, surgery and obstetrics, but no question shall be asked of any applicant concerning materia medica, therapeutics or any manner, means or system of treatment or healing.

Sec. 9. Every person who shall receive a license from the State Board of Medical Examiners shall have it recorded in the office of the recorder of deeds of the county in which he resides, and shall likewise have it recorded in the counties to which he shall subsequently remove for the purpose of practicing medicine. The failure on the part of the holder of a license to have it recorded before he shall begin the practice of medicine in this state shall render it null and void.

Sec. 10. The recorder of deeds of each county in this state shall keep for public inspection, in a book provided for that purpose, a complete list and description of the licenses recorded by him. When any such license shall be presented to him for record he shall stamp or write on the face thereof his signed memorandum of the date when such license was presented for record.

Sec. 11. The State Board of Medical Examiners may refuse to grant or may revoke a license to practice medicine in this state, or may cause a licentiate's name to be removed from the record in the office of any recorder of deeds in the state on any of the following grounds, to-wit: The employment of fraud or deception in applying for or securing a license or in passing the examination provided for in this Act; the practice of medicine under a false or assumed name, or the impersonation of another physician of this state or of any state, territory or foreign country, of a like or different name; the conviction of a felony or of a crime involving moral turpitude; habitual intemperance in the use of ardent spirits, narcotics or stimulants; the procuring or aiding or abetting in procuring or attempting to procure a criminal abortion; grossly negligent or ignorant malpractice; the obtaining of a fee, either directly or indirectly, either in money or in the form of anything of value, or in the form of financial profit, either as personal compensation or as compensation, charge, profit or gain for an employer, or any other person or persons, on the representation that a manifestly incurable, sick, diseased or injured condition of any person can be permanently cured; causing the publication, circulation, exhibition or display publicly of an advertisement, notice or information of any medicine or means whereby the monthly periods of women can be regulated, or the menses, if suppressed, can be reestablished, or whereby an abortion can be accomplished; causing the publication, circulation, exhibition or display publicly of an advertisement relative to any disease of the sexual organs or relative to the treatment, alleviation, palliation, cure or prevention of any disease, weakness or condition of the sexual organs such as prejudically to effect public morals, the obtaining of a fee or the promise or obligation to pay a fee by fraud; immoral, unprofessional or dishonorable conduct; the violation of any provision of this Act. Said board, in determining whether any applicant for a license to practice medicine is morally, educationally and otherwise qualified to receive such a license, shall upon their own initiative make diligent inquiry and investigation whether such applicant possesses the qualifications required by this Act and those adopted by the board under the authority of this Act and whether such applicant has at any time done any of the acts herein made a ground for refusing or revoking a license and they may refuse to grant a license to practice medicine to any person who, after such inquiry and investigation, they shall find does not possess the moral, educational and other qualifications herein required or adopted by the board under authority of this Act or who had done any of said acts. But said board shall not refuse to grant such a license under such circumstances until said applicant has had reasonable opportunity, and at least thirty (30) days' notice, to appear before the board in person and by counsel and present in his behalf such statements, testimony, evidence, argument and authority as he may desire to call to the attention of the board. Said board and the members thereof, may, whenever it has been brought to the attention of them or any of them that there is a reason to suspect that any person holding a license to practice medicine in this state has been guilty of any of the acts herein made a ground for revoking such license, make an investigation to determine the probability of the commission of any such act by any such person. If they find such probability great, they shall notify such person of such finding and they shall fix a time and place for conducting a hearing of such matter and shall give notice thereof to the person so suspected and of the time and place of such hearing, and the specific charges against him, and shall inform him that he may be present at such time and place in person and by attorney to offer such evidence as he may desire upon the matter under investigation, and may be heard in his defense. Any person may file a complaint with the secretary-treasurer of the State Board of Medical Examiners against any person who holds a license to practice medicine under the laws of this state, or who is an applicant for such a license, with a view to having the board revoke or refuse to grant such a license on any of the grounds herein set out. When such a complaint is filed with the secretary-treasurer, he shall serve a copy thereof upon the person so accused, together with a notice of at least thirty (30) days of the time when, and the place where said board will conduct a hearing thereon and that he may be present in person and by attorney if he so desires and may offer evidence and be heard in his defense. At the time and place fixed for a hearing before the board, as hereinabove specified or at any time and place to which the matter may be continued, the board shall receive evidence upon the subject under consideration and shall accord the one against whom charges are preferred a full and fair opportunity to be heard in his defense and shall adopt a resolution finding him guilty or not guilty of the matters charged, and if he be found not guilty the board shall dismiss the complaint, but if he be found guilty his license shall be revoked by the board. The State Board of Medical Examiners may, at any time after the refusal or revocation of license as aforesaid, grant or restore such license to the person affected. Any person to whom such license is so restored shall pay to the secretary-treasurer a fee of fifteen dollars ($15) upon the restoration thereof. The action of the State Board of Medical Examiners in refusing to grant or in revoking a license to practice medicine may be reviewed by the district court by the writ of ceritiorari under the Code of Civil Procedure.

Sec. 12. The term "practice of medicine," as used in this Act, is hereby defined to mean holding out one's self to the public as being engaged within this state in the business of diagnosing or treating diseases, injuries or defects of human beings; whether by the use of drugs, surgery, manipulation, electricity, or any other physical or mechanical means whatsoever; or the suggestion, recommendation or prescribing of any form of treatment for the intended palliation, relief, or cure of any physical or mental ailment or defect of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or the maintenance of an office for the examination or treatment or persons afflicted with disease, injury or defect of body or mind; or using the title M. D., Doctor, Surgeon, or any word or abbreviation to indicate or induce others to believe that one is engaged in the treatment or diagnosis of the diseases, injuries or defects of human beings; using any such title other than optician or optometrist to indicate that one is engaged in the business of refracting or fitting glasses to the human eye; or performing any kind of a surgical operation upon a human being; or the practice of midwifery; or attending a woman in child-birth without the aid of a licensed physician and surgeon or a licensed midwife. If any person who does not possess and shall not have filed a license to practice medicine within this state, as hereinabove provided, shall do any of the acts hereinabove mentioned as constituting the practice of medicine, he shall be deemed to be practicing medicine without complying with the provisions of this Act and in violation thereof. Nothing in this Act shall be construed to prohibit gratuitous services in case of emergency or to prohibit a physician lawfully practicing in another state or territory from attending a particular case in this state which he is called to diagnose or treat; nor the practice of midwifery as hereinafter defined by a duly licensed midwife, but the practice of midwifery by any person who does not hold a license to practice medicine or a license to practice midwifery issued by the State Board of Medical Examiners, shall be deemed to be practicing medicine without a license in violation of this Act; nor the practice of chiropody by a duly licensed chiropodist, but the practice of chiropody by any person who does not hold a license to practice medicine or a license to practice chiropdy issued by the State Board of Medical Examiners shall be deemed and considered to be practicing medicine without a license in violation of this act; nor to prohibit the practice of optometry under the conditions and limitations defined in Chapter 118 of the Session Laws of Colorado of 1913; nor to prohibit the practice of religious tenets or religious rites or ceremonies as a form of religious worship, nor the practice of Christian Science with or without compensation; or to prohibit commissioned surgeons of the United States

Army, Navy, or Public Health and Marine Hospital Service, from performing their lawful duties in this state as such officers.

Sec. 13. Any person practicing medicine in this state without complying with the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars ($50) nor more than three hundred dollars ($300), or by imprisonment in the county jail for not less than ten (10) days nor more than thirty (30) days, or by both. Any person presenting or attempting to file, as his own, the diploma or certificate or credentials of another, or who shall give either false or forged evidence of any kind to the State Board of Medical Examiners or any member thereof in connection with an application for a license to practice medicine, or who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be deemed guilty of a felony, and on conviction thereof shall be punished by imprisonment in the state penitentiary for a term of not less than one (1) year nor more than ten (10) years at hard labor.

Sec. 14. All fees received by the State Board of Medical Examiners and all fines collected by any officer of the law under this act shall be paid to the secretary-treasurer of said board, who shall, at the end of each and every month, deposit the same with the State Treasurer, and the said State Treasurer shall place said money so received in a special fund, to be known as the fund of the State Board of Medical Examiners, and shall pay the same out on warrants drawn by the Auditor of the State therefor on vouchers issued and signed by the president and secretary-treasurer of said board. Said moneys so received and placed in said fund may be used by the State Board of Medical Examiners in defraying their expenses in carrying out the provisions of this act. At the end of every biennial period, if there shall remain in said fund any balance, said balance shall be transferred to the general revenue fund of the state. The secretary-treasurer of said board shall keep a true and accurate account of all funds received and all vouchers issued by the board, and on the first day of December of each year he shall file with the governor of the state a report of all receipts and disbursements for said board for the preceding fiscal year. Members of said board shall receive a per diem for the time during which they shall be actually engaged in the discharge of their duties, and the secretary-treasurer shall receive a salary, said per diem and salary shall be fixed by the board.

Sec. 15. It is hereby declared to be unlawful for any person who does not hold a license to practice medicine within this state, to hold himself out as engaged in the business of diagnosing or treating any disease, diseased condition, injury or defect of human beings, either in person or by or through a partner, agent or employee, or to maintain an office for the purpose of diagnosis or treating any disease, diseased condition, injury or defect of human beings by or through a partner, agent or employee. It is also declared to be unlawful for any person not holding a license to practice medicine within this state to examine for the purpose of diagnosing, or to diagnose or to treat any person suffering from any disease, diseased condition, injury or defect either in person, or by or through a partner, agent or employee. It shall be no defense to any person prosecuted under this section that the partner, agent or employee, by whom the person was examined or treated, held a license to practice medicine within this state at the time of such examination or treatment.

Sec. 16. It is hereby declared to be unlawful for any person to examine for the purpose of diagnosing, or to diagnose or treat any person suffering from any disease, diseased condition, injury or defect as the partner, agent or employee of any person who does not hold a license to practice medicine within this state, or as the employee of any corporation, and it shall be no defense to any person prosecuted under this section that he held a license to practice medicine in this state at the time of such examination or treatment. However, this section shall not be construed to forbid any licensed physician from accepting employment from any person, partnership, association or corporation to examine and treat the employees of such person, partnership, association or corporation.

Sec. 17. If any person holding a license to practice medicine within this state shall examine for the purpose of diagnosing or shall diagnose or treat any person suffering from any disease, injury or defect as the partner, agent or employee of any person who does not hold a license to practice medicine within this state, or as the employee of a corporation except when he is employed to treat the regular employees of such person, partnership, association or corporation, his license shall be revoked therefor by the State Board of Medical Examiners upon a hearing conducted as hereinabove prescribed for the revoking of licenses upon any other ground.

MEDICAL LAWS OF CONNECTICUT

Section 4714. No person shall, for compensation, gain or reward, received or expected, treat, operate or prescribe for any injury, deformity, ailment or disease, actual or imaginary, of another person, nor practice surgery or midwifery, until he has obtained such a certificate of registration as is in section 4715 provided, and then only in the kind or branch of practice stated in said certificate; but this chapter shall not apply to dentists while practicing dentistry only, nor to any person in the employ of the United States government while acting in the scope of his employment, nor to any person who shall furnish medical or surgical assistance in cases of sudden emergency, nor to any person residing out of this state who shall be employed to come into the state to render temporary assistance to or consult with any physician or surgeon who has been registered in conformity with the provisions of this chapter, nor to any physician or surgeon then actually residing out of this state who shall be employed to come into this state to treat, operate or prescribe for any injury, deformity, ailment or disease from which any person is suffering at the time when such non-resident physician or surgeon is so employed, nor to any chiropodist or clairvoyant who does not use in his practice any drugs, medicine or poison, nor to any person practicing the massage method or Swedish movement cure, sun cure, mind cure, magnetic healing or Christian Science, nor to any other person who does not use or prescribe in his treatment of mankind drugs, poisons, medicines, chemicals or nostrums.

Section 4715. No person shall obtain a certificate of registration as in Section 4714 required until he has passed a satisfactory examination before one of the examining committees appointed for the purpose by the state board of health, except as hereinafter provided, nor until he has filed with said board duplicate certificates signed by a majority of said examining committee, stating that they have found him qualified to practice either medicine, surgery, or midwifery, nor until he has filed with said board duplicate statements subscribed and sworn to by him upon blanks furnished by said board, giving his name, age, place of birth, and present residence, stating of what medical college he is a graduate, and the date of such graduation, with such other information as shall be required by said blanks. No person shall be eligible to said examination until he presents to the committee, by whom he is to be examined, satisfactory evidence that he has received a diploma from some legally incorporated and reputable medical college as determined by the provisions of Section 4718 of the general Statutes, nor until he has presented to said committee a certificate of good moral character signed by two reputable citizens of this state, and also satisfactory evidence that, before beginning the study of medicine, he was graduated from a college, high school, or preparatory school whose standing shall be approved by said committee, or that his preliminary education is equivalent thereto. After January 1, 1914, no person shall be eligible to examination under the provisions of this act until he shall, in addition to the foregoing requirements, present to said committee satisfactory evidence that, before beginning the study of medicine, he has completed a course of study of at least nine months' duration which included chemistry, physics, and general biology, but this provision shall not apply to applicants who have been graduated from a recognized medical college prior to January 1, 1915, or to persons who were eligible to examinations before said date and who have failed to pass successfully such examinations. Any one of the examining committees appointed under the provisions of Section 4716 may accept the license of any state board of medical examiners of any state in the United Statse or in the District of Columbia in lieu of said examination, provided the applicant shall present such license to the examining committee before whom he appears, with satisfactory evidence that such license has been issued after a state examination of as high a grade and of the same kind as that required by said examining committee, that he is a resident of this state or that he intends in good faith to permanently reside herein, that he has been in actual practice for a period of at least six months in the year immediately preceding the date of his application, and that he is of good moral character and professional standing; and upon the payment to said committee of the sum of fifteen dollars he may receive a certificate of the approval of such license by said examining committee. Any physician who graduated from a legally incorporated and reputable medical college, and who began the practice of medicine out of this state prior to May 25, 1893, who appears before any one of the examining committees appointed under the provisions of Section 4716 of the general statutes, with evidence satisfactory to said committee, that he is a resident of this state or intends in good faith to permanently reside herein, that he has been in actual practice for a period of at least six months in the year immediately preceding the date of his application, that he is of good moral character and professional standing with the endorsement of the state board of medical examiners of the state in which he resides, upon the payment to said committee of the sum of fifteen dollars, he shall receive a certificate of approval without further examination. Any person passing such examination or obtaining such certificate of approval and filing such certificates and statements shall receive from said state board of health, upon payment of two dollars, a certificate of registration, which shall state that the person named is qualified so to practice. Each of said examining committees shall file with the state board of health, within thirty days after the close of each examination, a list of all applicants examined by it since the last previous examination. Said list shall also indicate whether each applicant passed or failed to pass such examination.

Section 4716. The Connecticut Medical Society, the Connecticut Homeopathic Medical Society and the Connecticut Eclectic Medical Society shall each annually in December file with the State Board of Health the name of one physician, practicing in this state, who shall have been recommended by such medical society as a person competent to serve on one of the examining committees appointed by the State Board of Health, as specified in Chapter 158 of the public acts of 1893, and in case any vacancy occurs on any of said examining committees the president of the society of whose members said committee is composed shall nominate such a person to fill said vacancy. Annually in January the State Board of Health shall appoint one member of each of said committees, who shall have been nominated for such office as aforesaid, to serve five years, and said board shall in the same manner fill any vacancy occurring in any of said committees. Said committees shall be known as the Connecticut Medical Examining Board, the Connecticut Homeopathic Medical Examining Board, and the Connecticut Eclectic Medical Examining Board.

Nervous and convalescent cases, general invalidism, and those requiring treatment away from home.

“On-the-Hill” Health Resort is situated in Watertown, Conn., in Litchfield county, in the heart of the Berkshires, and is accessible by the N. Y., N. H. & H. R. R. The approximate altitude is about 800 feet. The spacious walks and drives afforded by 50 acres of cultivated land and wooded groves are, in themselves, a cure for many ills.

The equipment is modern and up-to-date in every respect. The recent installation of an electric light cabinet bath and hot air body baking machine make the equipment for electrical and hydrotherapeutic treatments the most complete of its kind in this vicinity.

Medical Gymnastics, General Massage and a variety of baths are given under the direct supervision of a skilled gymnast.

Members of family can be accommodated during patient’s stay if desired.

Patients requiring open air treatment can be accommodated.

Write for detailed information.

CHARLES WARREN JACKSON, M. D.

Walnut Lodge Hospital, Inc., HARTFORD - CONNECTICUT
Organized in 1880
For the Special Care and Treatment of
Alcohol and Opium Inebriates

The institution is finely situated on the outskirts of the city and the rooms are large, heated with steam and lighted with electricity and arranged for comfort, so that each one can have all the advantages of the asylum with the quiet and privacy of a home. The treatment comprises the use of every means which science and experience have found to be of value in building up the brain and nervous system and includes

TURKISH, ROMAN, ELECTRICAL AND SALINE BATHS.

Only a limited number of cases are received and every patient is under the direct personal care of the physician. Application for admissions and all letters of inquiry should be addressed

Section 4717. Every examining committee provided for in Section 4716 shall, when requested by an applicant for a certificate permitting said applicant to practice midwifery, if said applicant does not understand the English language, conduct the examination through an interpreter of the language which the applicant understands. Said interpreter shall be furnished and paid by the applicant and shall give the committee conducting the examination satisfactory proof of his ability correctly to translate the language of the applicant into English. Whenever such applicant shall have satisfactorily passed an examination, so conducted, a certificate of registration shall be issued as provided in Section 4715.

Section 4718. The said examining committees shall hold examinations on the second Tuesdays of March, July and November of each year, at such places as they may designate and at such other times and places as they shall determine. Applicants for certificates to practice medicine or surgery shall be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosing, therapeutics, practice and materia medica. Each committee shall frame its own questions and conduct its examinations in writing, and both questions and answers shall be filed with and preserved for at least six years by the State Board of Health. Each of said committees shall make such rules and regulations for conducting said examinations and the furtherance of the spirit of this Act, as from time to time it shall deem necessary. Every applicant for examination under the provisions of this Act shall be examined by the committee representing the same school of practice in which the applicant was graduated; but before taking such examination he shall pay to the committee the sum of $15, provided that the fee for examination in midwifery alone shall be $10. An applicant rejected by an examining committee may be re-examined by the committee before whom he appeared at any subsequent meeting of said committee. On the receipt of any duplicate statements, as in Section 4715 provided, the State Board of Health shall transmit one of said duplicate statements, together with a duplicate of the certificate of registration in each case, to the town clerk of the town wherein the person so filing said statement resides; and in case such person does not reside in the state of Connecticut, the State Board of Health shall transmit said statement and certificate to the town clerk of the town in this state nearest to the place of residence of such person, and said town clerk shall record the same in a book to be provided for that purpose by the State Board of Health, and shall then return the same to the person who filed the same with the Board of Health, and said town clerk shall receive for such recording a fee of 25 cents, to be paid by the State Board of Health out of the amount so paid to it as aforesaid. The secretary of each of said medical societies shall file annually with the secretary of the State Board of Health a list of medical colleges or institutions recognized as legal and reputable by his society, or all of such secretaries may agree on a single list, and such list or lists may be corrected as may be necessary.

Section 4719. Nothing in this chapter shall be construed to repeal or affect any of the provisions of any private charter. The provisions of this chapter shall not apply to licensed pharmacists. All physicians or surgeons practicing under the provisions of this chapter shall, when requested, write a duplicate of their prescriptions in the English language. Every person who violates the requirements of this section regarding prescriptions shall be fined $10 for each offense. Every person violating any provision of Section 4714 shall be fined not less than $100 nor more than $300 for the first offense, and for each subsequent offense not less than $200 nor more than $500, or imprisoned in the county jail for not less than thirty nor more than ninety days, or both; the fine, when collected, shall be paid one-half to the person or corporation making the complaint and the other half to the State Board of Health. Every person who shall swear to any falsehood in any statement required by Section 4715 to be filed with the State Board of Health shall be guilty of perjury. The State Board of Health may appoint a clerk and fix his salary, to be paid only out of the fees and penalties received under the provisions of this chapter.

Section 4720. The secretary of the State Board of Health, upon the written request of all the members of any one of the examining committees mentioned in section 4716, may revoke and cancel the certificate of registration of any person convicted of any crime in the practice of his professional business, or convicted of a felony, but no one of the examining committee shall have the right to request the revocation and cancellation of a certificate granted on the examination of any one of the other examining committees.

DR. BROOKS' SANATORIUM FOR THE TREATMENT OF **New Canaan, Connecticut**
TWENTIETH YEAR | DISEASE OF THE LUNGS | TWENTIETH YEAR

Please note that this institution is not a Sanitarium for the care, but a Sanatorium for the modern and scientific treatment of Disease of the Lungs. The strictest, physiologic and systematic hygienic regimen is enjoined, under constant, painstaking, medical supervision and efficient nursing. Aerotherapy "Liege and Dauerluftkur," hydrotherapy, suralimentation and inhalation-therapy find here an exemplification in the truest acceptation of the terms. It is hardly necessary to state that every attention is paid to sanitation and prophylaxis. The institution is ideally located in a region of open country, long noted for its fresh, pure and invigorating atmosphere. For illustrated prospectus and further particulars address M. J. BROOKS, M. D., New Canaan, Connecticut.

MEDICAL LAW OF DELAWARE

Section 1. That there shall be established a Medical Council of Delaware, consisting of the Chief Justice of the State and of the Presidents of the two State Boards of Medical Examiners provided for in this act.

Sec. 2. The said council shall be known by the name and style of the "Medical Council of Delaware," and may make and adopt all necessary rules, regulations and by-laws for their own government, not inconsistent with the laws of this State or of the United States, and shall have power to locate and maintain an office within this State for the transaction of business. Two members of said council shall constitute a quorum for the transaction of business.

Sec. 3. The said council shall organize within ten days from the date of the organization of the two Boards of Medical Examiners, and shall elect from its own number a president and a secretary, who shall also act as treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Sec. 4. The members of said council shall receive, in addition to their necessary expenses, five dollars per day for each meeting of the council, but said per diem shall not exceed in any one year more than fifteen dollars, the same to be paid out of the fees hereinafter provided for.

Sec. 5. The said Medical Council shall hold two stated meetings in each year, and may hold special meetings at such times as it may deem proper. It shall issue certificates for license to practice medicine and surgery to such applicants as have presented such diplomas as hereinafter required and successfully passed the examination hereinafter provided, and the said Medical Council shall have no powers, duties or functions except as provided for in this act.

Sec. 6. That from and after the passage of this act there shall be, and continue to be, two separate Boards of Medical Examiners for the State of Delaware, one representing "The President and Fellows of the Medical Society of Delaware," and the other "The Homeopathic Medical Society of Delaware State and Peninsula."

Each board shall consist of five members, and each of said members shall serve for a term of two years from the first day of March next after appointment, with the exception of those first appointed, who shall serve as follows, namely: two of each board for one year, and three of each board for two years, from the first day of March, A. D. 1895.

The Governor shall appoint the members of said Board of Examiners, respectively, from the lists of members submitted by said medical societies residing in this State, which lists shall, within ten days from the passage of this act, and on or before the first day of every January thereafter, be transmitted to the Governor under the seal and signed by the secretary of the society so nominating.

From these lists of nominees, respectively, the Governor shall, within ten days after the receipt thereof, appoint two separate Boards of Medical Examiners, each board to be composed exclusively of members of the same medical society. In case of the failure of either of the said societies to submit lists as aforesaid, the Governor shall appoint members in good standing of the corresponding society entitled to nominate without other restrictions.

Each one of the said appointees must be a registered physician in good standing, and shall have practiced medicine or surgery under the laws of this State for a period of not less than five years prior to such appointment.

The Governor shall fill vacancies by death or otherwise for unexpired terms of said examiners from the lists submitted as aforesaid, and may remove any member of either of said boards for continued neglect of the duties required by this act, or on recommendation of the medical society of which said member may be in affiliation, for unprofessional or dishonorable conduct.

The Governor shall in his first appointments designate the number of years for which each appointee shall serve.

The appointments of successors to those members whose terms of office will expire on the first day of March of each year shall be made by the Governor during the first ten days of January of such year, upon the same conditions and requirements as hereinbefore specified with reference to the appointment of two separate Examining Boards, each to be composed exclusively of members of the same medical society, as hereinbefore provided.

Sec. 7. Said boards shall be known by the name and style of "Boards of Medical Examiners of the State of Delaware." Every person who shall be appointed to serve on either of said boards shall receive a certificate of appointment from the Secretary of State under his hand. Each of said Boards of Examiners shall make and adopt all necessary rules, regulations and by-laws, not inconsistent with the laws of this State or of the United States, whereby to perform the duties and transact the business required under the provisions of this act.

Sec. 8. From the fees provided by this act the Medical Council shall pay, not to exceed said income, all proper expenses incurred by its provisions; and if any surplus above said expenses shall remain at the end of any year, it shall be apportioned among said medical societies pro rata according to the number of candidates examined by each.

Sec. 9. The first meeting of each of the examining boards, respectively, shall be held on the first Tuesday of July, 1895. At such meeting of each of the boards, respectively, an organization shall be effected by the election from their own membership of a president and secretary, for the purpose of examining applicants for certificate for license. Each of said Boards of Medical Examiners shall hold two or more stated or special meetings in each year, due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of either board shall constitute a quorum thereof, but the examination may be conducted by a committee duly authorized by said boards.

Sec. 10. Each Board of Medical Examiners, not less than one week prior to each examination, shall submit to the Medical Council of Delaware questions for thorough examinations in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica.

The Medical Council shall select the questions for such examinatoins from the lists of questions submitted by the Board of Medical Examiners of the candidate's election; and should there be candidates for examination of any other school than the two designated in this act, they shall be examined by the council and some reputable practitioner in this State of such school, by said council to be selected, upon questions selected from standard text-books on the above subjects as taught by the school selected by the candidate.

Sec. 11. Said examinations shall be conducted in writing in accordance with the rules and regulations prescribed by the respective Board of Medical Examiners, and shall embrace the subjects named in section 10 of this act. After each examination the Board of Medical Examiners having charge thereof shall, without unnecessary delay, act on the same. An official report of such action, signed by the president, secretary and each acting member of said Board of Medical Examiners, stating the result of examinations, shall be transmitted to the Medical Council.

Sec. 12. On receiving from either of said Boards of Medical Examiners such official report of the examination of any applicant for certificate for license, the Medical Council shall issue forthwith to each applicant who shall have been returned as having successfully passed the examination a certificate to that effect.

The Medical Council shall keep a record of all certificates, when and to whom issued.

Sec. 13. From and after the passage of this act, any person not heretofore authorized to practice medicine and surgery in this State, and desiring to enter upon such practice, shall deliver to the Secretary of the Medical Council, upon the payment of a fee of ten dollars ($10), a written application for examination together with

satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a diploma from some reputable literary or scientific college, or a certificate from the faculty of Delaware College, signed by the president and attested by the secretary thereof, that he or she is qualified to enter the freshman class of the Latin Scientific Course of the said college; and has received a diploma conferring the degree of Doctor of Medicine, from some legally incorporated medical college, which, in the opinion of the Medical Council, was in good standing at the time of the issuing of the said diploma. Applicants who have received their degree in medicine after the passage of this act, must have pursued the study of medicine for at least four years, including four regular courses of lectures of not less than seven months each, in different years, prior to the granting of said degree, in some legally incorporated medical college or colleges, approved by the Medical Council. Such proof shall be made upon affidavit. Upon the making of said payment and proof, the Medical Council shall issue to said applicant an order for examination before such one of the State Boards of Medical Examiners as the applicant for certificate may select. In case of failure at any such examination, the candidate, after the expiration of six mnoths and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination, said application shall be withdrawn, the said ten dollars ($10) shall upon demand be returned. Provided that applicants for license who graduated prior to July 1st, A. D. 1901, and have been in continuous and reputable practice for at least five years since graduation, may be admitted to the examinations of one of said boards, upon certified and satisfactory evidence of good moral character, of three courses of medical lectures in different calendar years, and of a competent academic education according to the requirements of that time; and provided further, that applicants for license who graduated prior to July 1st, A. D. 1896, and have been in continuous and reputable practice for at least ten years, may be admitted to the examination of one of said boards upon certified and satisfactory evidence of moral character, of two courses of medical lectures, in different calendar years, and of a competent academic education according to the requirements at that time.

Sec. 14. That from and after the passage of this act it shall not be lawful for any person to practice medicine or surgery in this State without having obtained a license therefor as hereinafter provided. But a temporary license, of not less than two weeks nor more than four months, may be granted to a resident and legally qaulified physician of another State, to take charge of the practice of a resident and legally qualified physician of this State, during the latter's temporary illness or absence from the State, upon the written request of a physician residing in this State, and the payment to the Secretary of the Medical Council of a fee of two dollars ($2) for the use of said council, and when such temporary license is so issued, the physician receiving such license shall have the right to practice medicine in the State of Delaware for the time specified in said temporary license.

Sec. 15. The Clerk of the Peace of any of the counties of this State shall issue a license signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice medicine and surgery in this State, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this act, or who shall have been qualified in one of the counties of this State prior to the passage of this act, and to no other person.

Sec. 16. The provisions of this act shall not apply to physicians who are practitioners of any other State coming into this State in consultation with any lawful practitioner of medicine and surgery in this State.

Sec. 17. Any person practicing or attempting to practice medicine or surgery within this State contrary to the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof in the Court of General Sessions of the Peace and Jail Delivery in the county wherein the offense was committed shall pay a fine of not more than five hundred ($500.00) dollars, nor less than one hundred ($100.00) dollars or be imprisoned for a term of not more than one year.

Sec. 18. That this act shall not in any way apply to dentists or to dental surgery.

Sec. 19. All other acts or parts of acts regulating the practice of medicine and surgery in this State are hereby repealed; but nothing herein contained shall in any way interfere with the operation of Chapter 117, Volume 13, Laws of Delaware, relating to revenue.

Sec. 20. For the purpose of this act and the act to which this is an amendment, the words, practice of medicine, or surgery, shall mean to open an office for such purpose, or to announce to the public, or to any individual, in any way, a desire or willingness or readiness to treat the sick or afflicted in any county in the State of Delaware, or to investigate or diagnosticate, or to offer to investigate or diagnosticate any physical or mental ailment, or disease, of any person or to give surgical assistance to, or to suggest, recommend, prescribe or direct for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury, or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any money, gift, or any other form of compensation. It shall also be regarded as practicing medicine within the meaning of this act if any one shall use in connection with his or her name, the words or letters Dr., Doctor, Professor, M. D., M. B., or Healer, or any other title, word, letter or other designation which may imply or designate him or her as a practitioner of medicine, or surgery, in any of its branches; provided that nothing in this act nor the act to which this is an amendment, shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to dentists or dental surgeons in the practice of dentistry, or to surgeons of the United States army or navy in the

discharge of their official duties, or to prevent the mechanical application of glasses; provided, that nothing contained in this act shall prevent opticians from preparing eyes for testing or testing eyes and fitting glasses to correct vision, or to prevent druggists practicing pharmacy according to the existing laws, or to prevent the treatment of corns or bunions or the business of manicuring or the practice of massage. The requirements of section one of this amendment as to general or medical education shall not apply to students now matriculated in medical colleges, but such students shall conform, as to general and medical education, to the requirements of the statutes to which this act is an amendment.

Sec. 21. Any practitioner of the system, method or science of treating diseases of the human body commonly known as osteopathy, who is a graduate of any legally chartered and regularly conducted school of osteopathy which in the opinion of the Medical Council shall be in good standing, who holds a diploma regularly issued from such school, and who has been in personal attendance as a student in such school for at least four terms of not less than five months each before graduation, and who is now located and practicing in this State, is hereby authorized to so practice, without conforming to, and notwithstanding, any provision of this act, or the act to which this act is an amendment, upon such practitioners of osteopathy paying to the State the state license tax prescribed by law for physicians.

That all other persons proposing to practice osteopathy in this State after the passage of this act shall be subject to the provisions of this act and of the act to which this act is an amendment, provided that such future applicants to practice osteopathy in this State shall be examined by the Medical Council and some reputable practitioner of osteopathy in this State, or, if there then shall be no reputable practitioner of osteopathy then residing in this State, by the Medical Council and some practitioner of osteopathy from some other State, to be designated by the Medical Council, and provided further that such future applicants to so practice shall be examined only upon such questions as shall be selected by the Medical Council and such selected associated practitioner of osteopathy in anatomy, physiology, hygiene, chemistry, obstetrics, pathology, physical diagnosis, histology, gynecology, surgery, urinalysis, and principles of osteopathy. Any person who is the holder of a diploma regularly issued by any legally chartered and regularly conducted school of osteopathy, who has been in personal attendance as a student in such school for at least three years for terms of not less than seven months in each year before graduation, and who shall conform to the provisions relative to general education, shall be eligible to such examination by said Medical Council, notwithstanding any of the provisions of this act. Upon successfully passing said examination, the applicant to practice osteopathy shall be entitled to receive and shall receive from said Medical Council an appropriate certificate entitling him to practice osteopathy in this State. The Clerk of the Peace of any of the counties of this State shall, upon the payment of the amount of the State license tax prescribed by law for physicians, issue a license signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice osteopathy in this State, conformably to the laws thereof, to any person who shall present to him such certificate of the Medical Council or to any practitioner of osteopathy now practicing in this State conformably to the provisions of this act.

A Supplement to an Act entitled "An Act Regulating the Practice of Medicine and Surgery in this State," passed at Dover, April 18, 1895.

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

Section 1. That the Medical Council of Delaware may refuse to issue a certificate for a license to practice medicine and surgery, or may revoke a certificate issued for a license to practice medicine and surgery for the following causes, to-wit: Chronic and persistent inebriety; the practice of criminal abortion; conviction of a crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic incurable diseases, or where any person shall present to the said Medical Council any diploma, license or certificate that shall have been illegally obtained or that shall have been signed or issued unlawfully or under fraudulent representation; in complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint and given a hearing before the said Medical Council in person or by attorney.

Sec. 2. That applicants examined and licensed by, or who are, or have been members of State Examining and Licensing Boards of other States, upon payment of fifty dollars to the Treasurer of the Medical Council of Delaware, and on filing with the secretary of said Medical Council a copy of his or her license or certificate certified to by affidavit of the president and secretary of such board, showing also that the standard of requirements of the said board at the time the said license or certificate was issued, was substantially the same as that required by the said Medical Council of Delaware, and of his or her affidavit as to the personality thereof, may be granted a certificate for a license to practice medicine and surgery by the said Medical Council, upon the recommendation of the said Boards of Medical Examiners without further examinations thereby.

Sec. 3. That the State Treasurer shall pay the sum of three hundred dollars per annum, in quarterly payments of seventy-five dollars each, to the Treasurer of the Medical Council of Delaware, who shall apportion and pay the same to the members of the said boards for their necessary expenses, and in addition, five dollars per day each for each member for every meeting attended, but said per diem shall not exceed in any one year more than twenty-five dollars.

Approved March 16, 1899.

CIRCULAR OF INFORMATION RELATIVE TO THE PRACTICE OF MEDICINE IN THE DISTRICT OF COLUMBIA.

1. No person can lawfully practice medicine in the District of Columbia unless licensed to do so by the Board of Medical Supervisors.

2. Licenses for this purpose may be issued either (a) after examination, or (b) upon the basis of licenses issued by States, Territories, and insular possessions of the United States, and by foreign countries.

ISSUE OF LICENSES AFTER EXAMINATION

3. Examinations are held quarterly, commencing on the second Tuesdays in January, April, July and October of each year. They continue usually for about four days—that is, until the following Friday.

4. Applications must be made on forms furnished by the Board of Medical Supervisors. If the applicant is to be examined, his application must be filed with the secretary of the board at least two weeks prior to the day set for commencement of the examination which the applicant desires to enter.

5. A fee of ten dollars must accompany each application.

6. Only those who hold the degree of doctor of medicine are admitted to examination. Those who have received such degree before June 30, 1898, must have studied medicine not less than three years, and those who have received it after that date must have studied not less than four years, before graduation. A diploma conferring such degree must accompany each application.

7. The examination is both written and oral. It includes anatomy, physiology, chemistry, bacteriology, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and the ear, medical jurisprudence and such other branches as may be from time to time determined by the Board of Medical Supervisors.

8. Copies of questions which have been used in previous examinations will not be furnished under any circumstances.

9. Persons failing in one examination are permitted to enter any subsequent examination but a new application must be filed, and a new fee, ten dollars, paid, each time.

ISSUE OF LICENSES BY VIRTUE OF RECIPROCITY

10. Licenses may be issued without examination upon the basis of licenses issued by States, Territories, and insular possessions of the United States, and by foreign countries, but only subject to the following conditions:

The CHARLES B. TOWNS HOSPITAL
293 Central Park West, NEW YORK CITY
For the Medical Treatment of Drug and Alcoholic Addiction by Scientific Hospital Methods.
Hydro-Electric Department of Unusual Completeness

"(a) No applicant shall be licensed who is not of good moral character and free from mental defects and drug habits liable to interfere with the proper practice of medicine and surgery;

"(b) Nor who, at the time of making application, and for not less than two years prior to the date thereof, has not been lawfully authorized to practice medicine and surgery, and actually engaged in such practice, in the jurisdiction wherein he resides;

"(d) Nor unless the jurisdiction, by virtue of whose license the applicant seeks exemption from examination in the District of Columbia, grants to licentiates of the Board of Medical Supervisors of said district privileges equivalent to those which the applicant seeks;

"(e) Nor until the applicant has paid to the Board of Medical Supervisors aforesaid such fee as may be fixed and required by the regulations of said board, but not more than the fee charged under similar circumstances by the jurisdiction by virtue of whose license the applicant seeks exemption from examination."

11. In order to ascertain whether the jurisdiction by virtue of whose license a prospective applicant purposes seeking exemption from examination in the District of Columbia complies with the requirements of paragraph "d," supra, the applicant should apply directly to the proper authorities of said jurisdiction; the Board of Medical Supervisors cannot undertake to advise an applicant as to the law or practice followed in any jurisdiction other than the District of Columbia.

12. All communications relative to licenses to practice medicine in the District of Columbia should be addressed to "The Board of Medical Supervisors, Washington, D. C."

MEDICAL LAW OF FLORIDA

CHAPTER VIII—Board of Eclectic Examiners

Section 1157. Governor to Appoint—The Governor shall appoint a Board of Eclectic Medical Examiners for the State at large; said board shall be composed of three practicing eclectic physicians of known ability, who shall be graduates of a college of the eclectic school of medicine.

Sec. 1158. Examination of Applicants—The said Board of Eclectic Medical Examiners shall be authorized to examine all applicants, who shall present a certificate of graduation (showing that such applicant has taken not less than a two years' course), from some college of the eclectic school of medicine, and shall not have authority to examine any applicant from any other school of medicine.

Sec. 1159. Duty of Board—The duties of the Board of Eclectic Medical Examiners as to organization, time and place of meeting, and in all other respects, except as stated in this chapter, shall be the same as the powers conferred by law on the Board of Homeopathic Medical Examiners: provided, that said board may meet in any city in this State.

CHAPTER IX—Of Physicians

Sec. 1160. Appointment of Medical Examiners—The Governor shall appoint a State Board of Medical Examiners, and also a State Board of Homeopathic Medical Examiners.

Sec. 1161. Qualifications of Examiners—The State Board of Medical Examiners shall be composed of seven regular practicing physicians who have been duly licensed to practice in this State; no two members shall be residents of the same judicial circuit. The Board of Homeopathic Examiners shall be composed of three practicing homeopathic physicians who are graduates in good standing of some medical college recognized by the American Institute of Homeopathy.

Sec. 1162. Terms of Office—The appointment of each member of each of said boards shall continue for four years from the date of such appointment. Whenever a vacancy shall occur in any of said boards the same shall be filled by appointment by the Governor for the unexpired term.

Sec. 1163. To Elect President and Secretary and Make Rules—Every board shall elect one of their number president and one secretary, and shall adopt all necessary rules for the guidance and control of their meetings.

Sec. 1164. Regular Meetings—Each board shall meet regularly semi-annually at some central and convenient point in the State to conduct examinations, and grant licenses as herein provided, and they shall give at least one month's public notice of their meeting by publication once a week in a newspaper of general circulation throughout the State.

Sec. 1165. Examinations—It shall be the duty of said Board of Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his medical diploma from a recognized college, or in the event said applicant shall have lost his diploma, or the same shall have been destroyed prior to the year 1870, then upon satisfactory evidence to such boards of such loss or destruction, upon the following subjects: Anatomy, physiology, gynecology, surgery, therapeutics, obstetrics and chemistry, but no preference shall be given to any school of medicine: Provided, That it shall be the duty of the Board of Homeopathic Medical Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his diploma from a college recognized by the American Institute of Homeopathy, upon the following subjects: Anatomy, physiology, surgery, gynecology, materia medica, therapeutics, obstetrics and chemistry, and no preference shall be given to any school of medicine.

Sec. 1166. Certificates—When the board shall be satisfied as to the qualifications of an applicant they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted to practice medicine in any county when the same shall have been recorded as required by Section 1169.

Sec. 1167. Temporary Certificate to Practice Medicine—Any member of the several Boards of Medical Examiners in this State shall be authorized to grant a temporary certificate of qualifications to any applicant desiring to practice medicine in this State, upon examination, until the next regular meeting of the board: Provided, however, That the applicant has never before received a similar certificate from any member of the several boards. All temporary certificates shall cease to be of force at the regular meeting next after the granting of the same.

Sec. 1168. Duty of Member Granting Temporary Certificate—It shall be the duty of the member granting a temporary certificate to notify the secretary of the board of which he is a member of his action, and it shall be the duty of the said secretary to notify the secretaries of the several other boards in the State, whose duty it shall be to notify the members of the several boards of the granting of said certificate.

Sec. 1169. Record of Certificate—The certificate provided for in the two preceding sections shall, before the person to whom it is granted shall be entitled to practice by virtue thereof, be recorded in the office of the clerk of the circuit court of the county in which such practitioner may reside or sojourn, in a well bound book to be kept by the clerk for that purpose, and when so recorded the clerk shall certify thereon under his official seal the fact and date of such record, and shall return such certificate to the person to whom the same was granted, and shall be entitled for such service to collect from the holder of such certificate the legal fee for recording.

Sec. 1170. Examination Fee—The board shall be entitled to demand and receive from each applicant examined the sum of fifteen dollars, whether a certificate be granted to such applicant or not.

Sec. 1171. Provisions Not to Apply to Certain Persons—The provisions of this chapter shall not apply to persons who have heretofore received certificate of qualification and have recorded the same as provided by the laws of this State heretofore existing, nor to females, who follow the practice of midwifery strictly as such. No persons, except those described in this section, shall be permitted to practice medicine in any of its branches or departments, without first having obtained and recorded a certificate of qualification from some authorized board of medical examiners as hereinbefore provided.

(For penalties for violations of provisions of this chapter, see Sections 3610-3611)

Sec. 3610. Medical Examiners—Any member or secretary of the several boards of medical examiners in this State who shall violate any of provisions of law regulating the duties of such examiners shall be fined not more than one hundred dollars, or imprisoned not more than sixty days.

Sec. 3611. Practicing as Physician Without Certificate—Whoever practices medicine in any of its branches or departments without having first obtained and recorded a certificate of qualification from some authorized board of medical examiners, as provided by law, shall be punished by imprisonment not exceeding six months, or by fine not exceeding two hundred dollars.

MEDICAL LAW OF GEORGIA

Section 1. Be it enacted by the General Assembly of the State of Georgia, That from and after the passage of this Act, Sections 1687, 1688, 1689, 1690, 1691, 1692, 1693, 1694, 1695, 1696, 1697, of Volume 1 of Code 1910, creating a Board of Medical Examiners and defining their powers and duties, be and the same are hereby repealed in their entirety.

Sec. 2. Be it further enacted, That a board is hereby established to be known by the name and style of the State Board of Medical Examiners, said board shall be composed of ten practicing physicians of integrity and ability, who shall be residents of, and have been duly licensed to practice medicine in this State and who shall have graduated from reputable medical schools and have been engaged in the active practice of their profession within this State for at least a period of five years, but none of them shall be connected in any way with any medical college. Said board shall perform such duties and possess and exercise such powers, relative to the protection of the public health, and the control and regulation of the practice of medicine in the State as shall be in this Act prescribed and conferred upon it.

Sec. 3. Be it further enacted, That the Governor shall within thirty days after the pasage of this Act, appoint ten physicians, who shall possess the qualifications specified in Section 1 of this Act, to constitute the members of this board, five members of this board shall be regular physicians, three shall be eclectic physicians, and two shall be homeopathic physicians, all to be appointed by the Governor. The successor of each member shall be an appointee in the same manner; said members shall be so classified by the Governor that the term of office of two shall expire in one, three in two, two in three, and three in four years from the date of appointment. Annually thereafter the Governor shall appoint two members each of whom shall serve for a term of four years; and these appointments shall be made so as to preserve the original ratio of Regulars, Eclectics and Homeopaths respectively. The Governor shall have power to remove from office any member of the board for neglect of duty required by this Act, for incompetency or for unprofessional conduct. Any vacancy that may occur in said board in consequence of death, resignation, removal from the State or from other cause shall be filled for the unexpired term by the Governor in the same manner. A majority of the board shall constitute a quorum.

Sec. 4. Be it further enacted, That immediately and before entering upon the duties of said office, the members of said board shall take the Constitutional oath of office, and shall file the same in the office of the Governor of the State, who, upon receiving the said oath of office, shall issue to each member a certificate of appointment.

Sec. 5. Be it further enacted, That immediately after the appointment and qualification of said members, said board shall meet and organize. Said board shall elect a president, a vice-president and a secretary-treasurer from its membership whose salaries shall be fixed and paid by the board. All expenses of the board shall be paid out of funds collected by the board, the remainder to be divided equally among the members of the board. Said board shall hold two regular meetings in each year. One meeting shall be held in May or June, at such time as suits the convenience of graduates of medical colleges in Atlanta and Augusta; the other meeting shall be held on the second Tuesday in October in the State Capitol. Call meetings may be held at the discretion of the President. The regular meetings shall be held at the Capitol Building in Atlanta and in Augusta. Said board shall adopt a seal, which must be affixed to all licenses issued by it. The board shall, from time to time, adopt such rules and regulations as it may deem necessary for the performance of its duties, and shall examine and pass upon the qualifications of applicants for the practice of medicine in this State, as herein prescribed.

Sec. 6. Be it further enacted, That any person wishing to obtain the right to practice medicine in this State, who has not heretofore been registered or licensed so to do, shall, before it shall be lawful for him to practice medicine in this State, make application to the board through the secretary-treasurer thereof, upon such form and in such manner as shall be adopted and prescribed by the board, and obtain from the board a license so to do. Unless such person shall have obtained a license as aforesaid, it shall be unlawful for him to practice in this State, and if he shall practice medicine in this State without first having obtained such a license, he shall be deemed to have violated the provisions of this Act. All applicants for a license to practice medicine, or for a renewal of any such license which has been revoked, shall furnish the board with evidence of good moral character. Applications from candidates to practice medicine or surgery in any of its branches shall be accompanied with proof that the applicant is a graduate of a legally incorporated medical college or institution in good standing with the board; the board shall have the power to revoke the certificate granted to any applicant who makes any misstatement of any material fact in his application for examination. Each applicant shall name in his application the system of practice he proposes to follow, and no person shall use the name of any system unless he holds a certificate from the board.

Sec. 7. Be it further enacted, That before any peron who obtains a certificate from said board may lawfully practice medicine and surgery in this State, he shall cause the said certificate to be recorded in the office of the Clerk of the Superior Court of the county in which he resides. The certificate shall be recorded by the clerk in a book kept for that purpose. It shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording the certificate shall be the same as for recording a deed. The clerk shall make a report to the secretary of the board on the 31st of December of each year of all certificates registered with him. Each applicant receiving a certificate from the board shall cause the same to be registered within thirty days.

Sec. 8. Be it further enacted, That said board shall be empowered by this Act to pass upon the good standing and reputability of any medical college. Only such medical colleges will be considered in good standing as possess a full and complete faculty for the teaching of medicine, surgery and obstetrics in all their branches, afford their students adequate clinical and hospital facilities, require attendance upon at least 80 per cent of each course of instruction, give four graded courses of instruction, the aggregate of which amounts to at least 120 weeks, exclusive of holidays, of at least forty hours each week; that require at least forty-two months to have elapsed between the beginning of the student's first course of medical lectures and the date of his graduation, each session composed of twenty-nine weeks of actual instruction, with at least forty per cent of laboratory instruction in the first and second years and a minimum of thirty-five per cent of clinical work in the third and fourth years; that require an average grade in each course of instruction of at least seventy-five per cent in examination as a condition of graduation; that fulfill all their published promises, requirements and other claims respecting advantages to their students and the course of instruction; that enact a preliminary educational requirement equal to that specified by this Act; that require students to furnish testimonials of good moral standing, and that give advanced standing only on cards from accredited medical colleges. Students must have attended at least eighty per cent of the course in the last year of the college from which diploma is presented. In determining the reputability of the medical college, the right to investigate and make a personal inspection of the same is hereby authorized.

Sec. 9. Be it further enacted, That beginning with the session 1913-14, each medical school or college in good standing with the board shall have a minimum preliminary educational requirement of fourteen Carnegie units. Evidence of such preliminary education shall be a certificate furnished by the professor of secondary education in the State University on the basis of the rating of the high schools in this State or on the basis of an examination conducted by him or by some person designated by him. A fee of two dollars shall accompany each application for a certificate and a like amount shall be paid by the applicant for each separate subject upon which he may be required to be examined.

Sec. 10. Be it further enacted, That in the discretion of the Secretary-Treasurer of said board with the approval of the President, he may issue temporary license until the next regular meeting of the board when said license shall become void, to an applicant which shall have the same force and effect of a permanent license. Said license shall not be recorded.

Sec. 11. Be it further enacted, That examination of applicants for license to practice medicine shall be made by said board according to the methods deemed by it to be the most practical and expeditous to test the applicant's qualifications. The board shall require the examination to be in writing, each applicant shall be designated by a number instead of his name, so that his identity shall not be disclosed to the members of the board until after the examination papers are graded. Examination shall be on the following subjects: Anatomy, Physiology, Chemistry, Hygiene, Surgery, Obstetrics, Gynecology, Pathology and Diagnosis.

Sec. 12. Be it further enacted, That there shall be paid to the Secretary-Treasurer of said board by each applicant for a license by examination, a fee of twenty dollars, which shall accompany the application. The same fee shall be charged for issuing a temporary license, which includes fee for examination for permanent license; and a fee of fifty dollars shall be charged for issuing a license by reciprocity. The board of examiners may grant a license without examination to licentiates of boards from other States requiring equal or higher qualifications, upon the same basis as such States reciprocate with the State of Georgia. No part of any fee is returnable under any circumstances; nor shall this Act be construed as affecting or changing in any way laws in reference to license tax to be paid by physicians and surgeons.

Sec. 13. Be it further enacted, That said board shall have authority to administer oaths, to summon witnesses and take testimony in all matters relating to its duties. Said board shall issue license to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this Act, and the rules and regulations under the provisions of this Act, and the rules and regulations of the board. Such license shall be signed by the President and attested by the Secretary-Treasurer of the board under its adopted seal, and it shall give absolute authority to the person to whom it is issued to practice medicine in this State. It shall be the duty of the Secretary-Treasurer under the direction of the board, personally or by deputy, to aid the Solicitors of the State in the enforcement of this Act and in the prosecution of all persons charged with violation of its provisions.

Sec. 14. Be it further enacted, That said board may refuse to grant a license to practice medicine in this State, or may cause a licentiate's name to be removed from the records in the office of any Clerk of Court in this State, on the following grounds, to-wit: The employment of fraud or deception in applying for license or in passing the examination provided for in this Act; conviction of crime involving moral turpitude; the practice of medicine under a false or assumed name or the impersonation of another practitioner of a like or different name; habitual intemperance in the use of ardent spirits, narcotics, or stimulants to such an extent as to incapacitate him for the performance of professional duties; the procuring or aiding or abetting in procuring a criminal abortion; the obtaining of a fee on representation that a manifestly incurable disease can be permanently cured; causing the publication and circulation of an advertisement of any medicine by means whereby the monthly periods of women can be regulated, or the menses, if suppressed, can be re-established, causing the publication and circulation of an advertisement relative to any disease of the sexual organs; said board may upon satisfactory proof made that any licentiate has been guilty of any of the offenses above enumerated suspend said licentiate from the practice of medicine and call in the license of said licentiate upon a majority vote of said board; provided, however, that said suspended physician shall have a right to appeal to a jury in the Superior Court of the county of his residence and it shall be the duty of said board to prefer in writing the charge or charges against said physician which shall be tried by a jury regularly empaneled and sworn. Said physician, the defendant in said proceedings, shall be entitled to an appeal to the Supreme Court. In the event of conviction by the jury of any of the charges preferred the license of said physician shall be revoked. However, at any time after six months from date of said conviction said board may by a majority vote issue a new license or grant a license to the person affected, restoring or conferring all the rights and privileges of and pertaining to the practice of medicine as defined and regulated by this Act. Any person to whom such rights and privileges have been so restored shall pay to the Secretary-Treasurer a fee of twenty dollars on the issuance of a new license.

Sec. 15. Be it further enacted, That the terms "practice of medicine," "to practice medicine," "practicing medicine" and "practice medicine," as used in this Act, are hereby defined to mean holding one's self out to the public as being engaged within this State in the diagnosis or treatment of disease, defects or injuries of human beings, or the suggestion, recommendation, or prescribing, of any form of treatment for the intended palliation, relief or cure of any physical, mental or functional ailment or defect of any person with the intention of receiving therefor, either directly or indirectly any fee, gift or compensation whatsoever or the maintenance of an office for the reception, examination and treatment of any person suffering from disease, defect or injury of body or mind or attaching the title M. D., Oph. D., Dop., Surgeon, Doctor, either alone or in connection with other words, or any other words or abbreviation to his name, indicative that such person is engaged in the treatment or diagnosis of disease, defects or injuries of human beings. If any person shall hold himself out to the public as being engaged within this State in the diagnosis or treatment of disease or injuries of human beings or shall suggest, recommend or prescribe any form of treatment for the palliation, relief or cure of any physical or mental ailment of any person with the intention of receiving therefor either directly or indirectly any fee, gift or compensation whatsoever, or shall maintain an office for the receiption, examination or treatment of diseased or injured human beings; or shall attach the title M. D., Oph., D., Dop., Surgeon, Doctor, either alone or in connection with other words or any other word or abbreviation to his name indicative that he is engaged within this State in the treatment of diseased, defective or injured human beings and shall not in any of these cases then possess in full force and virtue a valid license to practice medicine under the laws of this State, he shall be deemed to be practicing medicine without complying with the provisions of this Act and in violation thereof. Nothing in this Act shall be construed to prohibit gratuitous service in the case of emergency nor the practice of the religious tenets or general beliefs of any church whatsoever, nor to osteopaths not prescribing medicines or administering drugs nor to permanent located opticians at their established places of business not prescribing or using drugs or medicines, nor requiring a fee for examination or attaching to their names titles indicative that any such person is engaged in the practice of medicine as defined in this Act, nor shall it apply to Commissioned Surgeons of the United States army, navy or public health service while so engaged, nor to regularly licensed physicians called in consultation from other States or Territories to attend to special cases in this State, nor to the practice of dentistry nor to midwives or nurses.

Sec. 16. Be it further enacted, That any person guilty of practicing medicine in this State without complying with the provisions of this Act, or any person who shall violate the provisions of this Act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished as for a misdemeanor according to Section 1065 of the Penal Code of Georgia, Volume II. Any person presenting or attempting to file as his own the diploma or certificate or credentials of another, or who shall give false or forged evidence of any kind to the board or any member thereof in connection with an application for a license to practice medicine, or shall practice medicine under a false or assumed name, shall be deemed guilty of a felony and upon conviction thereof shall be punished by a fine of not less than $500.00, or more than $1,000.00, or by a term of from two to five years in the penitentiary of this State, subject to the provisions of Section 1062 of the Penal Code of Georgia.

Sec. 17. Be it further enacted, That all laws and parts of laws in conflict with this Act, be and the same are hereby repealed.

IDAHO MEDICAL LAW

Senate Bill No. 26

Passed at the Fifth Session of the Legislature of the State of Idaho. Approved March 3, 1899.

An Act to Regulate the Practice of Medicine and Surgery Within the State of Idaho; and Providing Penalties for the Violation of this Act; and the Repeal of all Other Acts in Relation thereto.

Be it enacted by the Legislature of the State of Idaho:

Section 1. The Governor of the State, within sixty days from the expiration of the session of the Legislature at which this act shall have been passed, shall appoint a Board of Medical Examiners, to be known and styled, "The State Board of Medical Examiners," consisting of six members, a majority of whom shall never be appointed from, nor represent, any one school of medicine, and not less than three schools of medicine shall be at all times represented on said board, all of whom shall be graduates of reputable medical colleges or universities, in good standing, and learned and skilled in the theory and practice of medicine and surgery, and of good moral repute.

The terms of office of the members forming the first board under this act shall be as follows, viz: Two members thereof shall be appointed to serve for a period of two years, and two members thereof shall be appointed to serve for a period of four years, and two members thereof shall be appointed to serve for a period of six years. After which all subsequent appointments shall be for a period of six years, and until their successors have been appointed and qualified. All persons appointed to serve under said board shall, upon assuming the duties thereof, make oath before a district or probate judge that they are graduates of colleges or universities, in good standing, giving names and locations thereof, and that they will faithfully and impartially perform the duties of such office. These oaths shall be made in duplicate, one to be retained on file in the office of the secretary of said board, and one to be forwarded to the Secretary of State, who shall, on receipt of the same, issue to each member appointed on said board, and complying with this section, a certificate of such appointment, under his hand and the great seal of the State. Provided: That the Governor shall remove any member of said board who shall be guilty of any criminal or dishonorable conduct, or who shall be guilty of any unprofessional conduct forbidden by this act, upon recommendation from the said board, made pursuant to a resolution thereof, duly authenticated and accompanied by all the facts and testimony in possession of said board, upon which the said resolution is based. Vacancies occurring from death, resignation or any other cause, shall be filled by appointment by the Governor within thirty days from the time such vacancies occur, and such appointee shall serve during the unexpired portion of the term of the member whose place he fills: Provided, further, that after the board shall have been constituted and organized, no person otherwise eligible shall thereafter be appointed on said board who is not in possession of a license to practice medicine and surgery in this State under the provisions of this act.

Sec. 2. Said board shall have authority to prescribe and establish all needful rules, regulations and by-laws, not inconsistent with the laws of this State, or the United States, to carry into effect the provisions of this act.

Sec. 3. Said board shall organize immediately after appointment by electing from among its members a president, a secretary, and a treasurer, and shall provide a seal and shall attest its acts under said seal. Any member of the board shall have the authority to administer oaths, and the board shall have authority to take testimony whenever the same is necessary in any matter relating to its official acts or duties. Said board shall hold regular meetings on the first Tuesday in the months of April and October in each year at the capitol of the State, or at such other places as the board shall designate. Special meetings may also be called, when in the opinion of a majority of the said board, the same is necessary, and shall be held at such times and places as a majority of the board may designate. Said board shall keep a minute book, or general book of record in which all the official acts, proceedings and transactions of said board shall appear in full. They shall also keep in addition thereto a "Cash-Book," in which shall appear in detail all receipts and disbursements of said board. They shall also keep a special register, containing the names and addresses of all applicants for license, together with the data required to be furnished in the application for said license. Said special register shall also show whether the applicant received license or was rejected, and if the applicant was rejected, it shall contain a full statement of the reasons therefor. Said general book of record, the cash book, and the special register, shall be prima facie evidence of all matters therein recorded, and shall be public records in charge of the secretary of the board.

Sec. 4. The board shall make an annual report to the Governor of the State, which report shall set forth a full and complete history of all its official acts during the year, and shall also contain a true statement of all receipts and disbursements of said board for the period so reported.

Sec. 5. All persons, except as hereinafter provided, who are legally engaged in the actual practice of medicine and surgery, or either of them, within the State, at the time of the passage of this act, under the provisions of the medical act of 1887, shall be licensed without examination to continue such practice under this act, by making application to the State Medical Examining Board upon suitably prepared blanks to be furnished by said board, within six months from the taking effect of this act. The applicant shall be required to transmit with said application, a certificate from the County Recorder from the county in which he or she may reside, that said applicant is a bona fide resident of the State and has recorded his or her diploma under the provisions of the medical act of 1887, giving data of such record Persons who received a license under the now defunct medical law of 1897, will simply be required to transmit such license. The fee for license under this section shall be five ($5) dollars and shall in each case accompany the application. Upon fulfillment of the requirements herein stated, the board shall issue to said applicant a license to practice medicine and surgery within this State. Persons for whom the provisions of this section are intended, failing or refusing to avail themselves of the same, shall be and are hereby subject to the requirements of section six of this act.

Sec. 6. After the passage of this act, every person, except as hereinafter provided, desiring to commence the practice of medicine and surgery, or either of them, within the State shall, immediately and prior to commencing the same, make a written application to the State Medical Examining Board, upon suitably prepared blanks, to be furnished by the board, for a license so to do. The applicant shall transmit with said application his or her diploma, together with an affidavit setting forth that said diploma is genuine, and that the applicant is the rightful possessor thereof and the identical person named therein, and that same was obtained by pursuing the regular course of study or examination in said institution, and setting forth that he or she is a citizen of the United States, or has declared their intention of becoming such. If the said diploma has been issued by a reputable college of medicine in good standing, said applicant shall be eligible to examination. All applicants shall be examined in the applied branches of the theory and practice of medicine and surgery, or either of them, as those branches are taught in the reputable chartered schools of the system of medicine to which the applicant belongs and which the applicant intends to practice, and such examination shall in all cases include anatomy, physiology, pathology, diagnosis, hygiene, chemistry, histology and toxicology. No applicant for license shall be allowed to practice medicine and surgery, or either of them, until such license shall have been granted. The board shall cause the examination to be scientific and practical and sufficiently thorough to test the applicant's fitness to practice medicine and surgery, or either of them, and if the applicant correctly answers at least seventy-five per cent. of all the questions submitted, said board shall grant the applicant a license to practice medicine and surgery in this State. Every applicant for license under any of the provisions of this act, must furnish sufficient evidence to the board that they are of good moral character. All applications under this section must be accompanied by twenty-five ($25) dollars, which is the fee for examination under this section. Should the applicant fail to pass said examination, the fee is not returnable. The cost of transmission to and from the board of all papers belonging to an applicant under this or any other section of this act shall be paid by the applicant. In case an applicant for an examination fails to pass the required examination, he or she may be re-examined after the expiration of six months, and within one year, without the payment of an additional fee, and thereafter said applicant may be examined as often as desired at any regular or special meeting of the board on payment of the regular fee for such examination. Said board may also refuse a license for unprofessional conduct, or conduct of a criminal, immoral, or dishonorable nature.

Sec. 7. The words "unprofessional or dishonorable conduct" as used in section 6, or any other section of this act, is hereby declared to mean:

First. The procuring or aiding or abetting in procuring a criminal abortion.

Second. The employment of what are popularly known as "cappers" or "steerers" in procuring practice.

Third. The obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth. A willful betrayal of the professional secret to the detriment of the patient.

Fifth. All advertisements of medical business in which untruthful and improbable statements are made.

Sixth. All advertisements of any kind, of any medicine or means, whereby the monthly periods of women can be regulated or the menses can be re-established if suppressed.

Seventh. Conviction of any offense involving moral turpitude.

Eighth. Habitual intemperance in the use of ardent spirits, narcotics or stimulants.

Sec. 8. All questions upon the different branches of medicine and surgery submitted by said board to candidates for examination shall either be written or printed, or partly written and printed, and the questions on each branch shall be arranged upon separate sheets of paper and numbered consecutively.

The candidates shall be supplied with a list of the questions upon but one branch or subject at a time, which, after completing his or her answers thereto, he or she shall be entitled to the next list of questions, and so on in like manner until said candidate shall have been examined in all the branches required. All answers to the questions thus submitted shall be in writing, upon suitable paper furnished by the board, no candidate being permitted to furnish his or her own paper for such written answers. Each list of the candidate's answers must bear the same title as the corresponding list of questions, and each answer shall be numbered to correspond with the question to which it refers. The questions submitted by the board to each candidate examined, together with the answers thereto, shall be placed and kept on file in the office of the secretary of said board, and shall constitute part of the records of said office.

Sec. 9. When complaint is made to the board, of unprofessional or other conduct, on the part of any licentiate, under the provisions of this act, meriting a suspension, revocation, or cancellation of his license, the board shall have power to hear evidence for and against the accused, touching such complaint, and if the board be satisfied from the evidence of the justice of such complaint, the board must institute proper proceedings in the District Court in and for the county where such licentiate resides, for the suspension or revocation, and cancellation of such license, and the District Courts of this State are hereby vested with jurisdiction to hear and determine all such proceedings, and to suspend or revoke and cancel any license at issue in any such proceedings. The accused shall be entitled to appear in person or by counsel at every stage of such proceedings, from the first hearing of said complaint before the board to the final disposition of the case in the District Court. All costs incident to any such proceeding in the District Court shall be assessed by the court as the justice of the case, in the discretion of the court, may require.

In all such proceedings the county attorney shall appear for the board in the District Court. In case the board refuse to grant a license to practice under this act, the applicant shall have the right to have the action of the board refusing such license reviewed by the District Court in and for the county in which the meetings at which the license was refused was held, or such other county as may be agreed upon: Provided, proceedings for such review be instituted within ten days after notice of such refusal upon the applicant.

Sec. 10. Any person practicing medicine and surgery within this State, without having obtained a license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than fifty dollars, nor more than three hundred dollars, or by imprisonment in the county jail not less than ten days, nor more than six months, or by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery, contrary to the provisions of this act, shall constitute a separate offense.

Sec. 11. Every person receiving a license under this act shall, within thirty days thereafter, have the same recorded in the office of the County Recorder, within the county where the licentiate intends to practice. Otherwise, said license is void. The County Recorder of each county shall have suitably prepared, a separate "book of record," in which all the licenses under this act, presented to them, shall be recorded, and on the first day of December of each year, furnish the Secretary of "State Medical Examining Board" a list of the licenses on record in his office, and upon notice to him from said secretary of the revocation of any license on record in his office, or of the death or removal from the county, of any person whose license is on record therein, said recorder shall make a note of the fact on the page containing the record of said license, so that the records kept by said County Recorder shall correspond with the records of his county, as kept by the secretary of said Medical Board.

Sec. 12. All licenses issued by the board shall be numbered consecutively and in the order issued. Each license shall be signed by the president and secretary of the board under the official seal of the board issuing same. Four members of the board shall constitute a quorum to transact business at any regular or special meeting.

Sec. 13. The words "respectable or reputable medical college or university in good standing" are hereby declared to mean such medical colleges or universities as are legally chartered, reputable, and in good standing within the State or county where they are located.

Sec. 14. Any person shall be regarded as practicing medicine and surgery, or either, who shall advertise in any manner, or hold himself out to the public as a physician and surgeon, or either, in this State, or who shall investigate or diagnosticate or offer to investigate or diagnosticate any physical or mental ailment or any person with a view of relieving the same as is commonly done by physicians or surgeons, or suggest, recommend, prescribe or direct, for the use of any person, sick, injured or deformed, any drug, medicine, means or appliance for the intended relief, palliation, or cure of the same with the intent of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever: Provided, however, this act shall not apply to dentists and registered pharmacists or midwives in the legitimate practice of their respective professions, nor to service rendered in cases of emergency, where no fee is charged. Any person who shall present to the board, as his or her own, the diploma of another, or a forged affidavit of identification, or who shall attempt to personate another practitioner of a like or different name, shall, upon conviction thereof, be subject to such fine and imprisonment as are made and provided by the statutes of the State of Idaho for the crime of forgery.

Sec. 15. It shall be the duty of the county attorneys to prosecute all violations of this act within their respective counties. And all cases of appeal to the Supreme Court of the State, the Attorney General thereof shall represent said board upon said appeal. The board shall investigate all complaints of non-compliance with, or violations of, the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 16. This act shall not apply to commissioned medical officers of the United States army, navy and marine hospital service in the discharge of their official duties, nor to railway surgeons in the discharge of official duties, nor to legally qualified physicians and surgeons from other States, when called in consultation with any legally qualified physician and surgeon of this State.

Sec. 17. The members of said board shall look alone to the revenue of this act for reimbursements of actual expenses incurred in attendance upon the business of sessions of said board, and they shall look alone to the same source for their per diem allowance, which shall not exceed the sum of five dollars per day each, for each day said board may be in actual session.

Sec. 18. The Governor is hereby empowered to receive from the late secretary of the now defunct State Board of Medical Examiners all property and money in his possession belonging to the said board, and to deliver same to the Secretary of the State Board of Medical Examiners to be by him appointed under this act.

Sec. 19. All other acts and parts of acts regulating the practice of medicine and surgery in this State are hereby repealed.

Sec. 20. Whereas, an emergency is hereby declared to exist, this bill shall be in force and take effect from and after its passage and approval by the Governor.

Approved on the 3rd day of March, 1899.

An Act to Amend Sections 1342 and 1350 of the Revised Codes of Idaho:

Be it enacted by the Legislature of the State of Idaho:

Section 1. That section 1350 of the Idaho Revised Codes be amended to read as follows:

Section 1350: Any person practicing medicine and surgery within this State, without having obtained the license herein provided for, or contrary to the provisions of this chapter, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars ($100), nor more than one thousand dollars ($1000), or be imprisoned in the county jail not less than thirty (30) days, nor more than one (1) year, or to be punished by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery contrary to the provisions of this chapter shall constitute a separate offense.

Sec. 2. That section 1342 of the Revised Codes of Idaho be amended to read as follows:

Section 1342: Said board shall have the authority to prescribe and establish all needful rules, regulations and bylaws not inconsistent with the laws of this State or the United States to carry into effect the provisions of this chapter, and said board may, either with or without examination grant a license to any physician licensed to practice by a similar board of any other State in which an average grade of not less than eighty per cent. was awarded to the holder thereof, the said applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in any such State which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than that prescribed by this State, the applicant may be required to submit to an examination in such subjects as have not been covered.

Sec. 3. Whereas, an emergency exists therefor, this act shall take effect and be in force from and after its passage and approval by the Governor.

Approved March 15, 1909.

MEDICAL LAW OF ILLINOIS

An Act to Regulate the Practice of Medicine in the State of Illinois, and to Repeal an Act Therein Named. Approved April 24, 1899, as Amended by Acts Approved June 4, 1907, January 25, 1908, May 29, 1911, and June 23, 1915.

Section 1. Organization and Duties of State Board of Health.—Be it enacted by the People of the State of Illinois represented in the General Assembly: That the State Board of Health shall organize within three months after the passage of this act; it shall procure a seal and shall receive through its secretary applications for certificates and examinations. The president and secretary shall have the authority to administer oaths, and the board to take testimony in all matters relating to its duties.

Sec. 2. Licenses from State Board of Health Required—Applications for License—Examinations—Graduates of Legally Chartered Medical Colleges in Illinois in Good Standing Granted Certificates.—No person shall hereafter begin the practice of medicine or any of the branches thereof, or midwifery, in this State without first applying for and obtaining a license from the State Board of Health to do so. Application shall be in writing, and shall be accompanied by the examination fees hereinafter specified, and with proof that the applicant is of good moral character. Applications from candidates who desire to practice medicine and surgery in all their branches shall be accompanied by proof that the applicant is a graduate of a medical college or institution in good standing, as may be determined by the board. When the application aforesaid has been inspected by the board and found to comply with the foregoing provisions, the board shall notify the applicant to appear before it for examination, at the time and place mentioned in such notice.

Examinations may be made in whole or in part in writing by the board and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner. The examination of those who desire to practice medicine and surgery in all of their branches shall embrace those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States. The examination of those who desire to practice midwifery shall be of such a character as to determine the qualification of the applicant to practice midwifery. The examination of those who desire to practice any other system or science of treating human ailments who do not use medicines internally or externally, and who do not practice operative surgery, shall be of a character sufficiently strict to test their qualifications as practitioners.

All examinations provided for in this act shall be conducted under rules and regulations prescribed by the board, which shall provide for a fair and wholly impartial method of examination: Provided, that graduates of legally chartered medical colleges in Illinois in good standing as may be determined by the board may be granted certificates without examinations. (1899.)

Sec. 2a. Examination Required—Temporary Licenses Permitted.—The State Board of Health shall require that every applicant for a license to practice medicine and surgery in all their branches, in the State of Illinois (excepting only those physicians who may be entitled to a license under section 3a of the act to which this act is an amendment) shall present proof satisfactory to said board that he is a graduate of a medical college in good standing, as may be determined by the State Board of Health, and pass, before said board, an examination embracing those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States: Provided, that the State Board of Health may, in its discretion, admit to examination a student who has completed in a medical college determined in good standing, the course of instruction required by the rules of said board in medical colleges determined in good standing, and who has passed the examinations of said college, but has not received a diploma: Provided, further, that the said medical college shall require as a pre-requisite to graduation, a course of study extending over at least five calendar years. And if said student pass the examinations of the said board it may issue to him a limited license authorizing him to practice medicine and surgery in a hospital approved by said board and in no other place whatsoever in the State of Illinois, which limited license shall remain in effect for a period not exceeding eighteen months from the date thereof, and the State Board of Health may then issue to the applicant the regular permanent license of the board without further examination or fee, on condition that the applicant present a diploma from the medical college in which he had completed a course, as prescribed by the rules of the said board, previous to the issuance of the limited license hereinbefore mentioned, and otherwise complies with the requirements of the board and with the provisions of the act to which this act is an amendment. (1911.)

Sec. 2b. Admission to Medical College—Preliminary Education—Standard Fixed by State Board of Health.—The State Board of Health shall be empowered to establish a standard of preliminary education deemed requisite to admission to a medical college in "good standing," and to require satisfactory proof of the enforcement of this standard by medical colleges: Provided, that the board shall not recognize examinations of applicants for admission to medical colleges, that have been conducted by the faculty or officers of a medical college: And provided, further, that the diploma of an approved high school or equivalent school having a course of studies requiring an attendance through four school years, or a certificate of having passed a satisfactory examination before the State Superintendent of Public Instruction, or like State officer, in the studies embraced in the curriculum of such approved high school shall be considered satisfactory evidence of preliminary education: And provided still further, that the Illinois State Superintendent of Public Instruction shall be empowered to exact a fee of five dollars from each applicant for such examination. The board shall also be empowered to determine the standing of literary or scientific colleges, high schools, seminaries, normal schools, preparatory schools, and the like, and the board may, in its discretion, accept as the equivalent of one or more of the sessions or terms prescribed in its requirements governing medical colleges in "good standing," attendance in a literary or scientific college in "good standing" as evidenced by a degree from said institution, providing that the standards of said literary or scientific colleges are fully equal to those of the State University of Illinois. (1908.)

Sec. 3. License to Practice—Provisions.—If the applicant successfully passes his examination, or presents a diploma from a legally chartered medical college in Illinois in good standing, the board shall issue to such applicant a license authorizing him to practice medicine, midwifery or other system of treating human ailments, as the case may be: Provided, that those who are authorized to practice other systems can not use medicine internally or externally or perform surgical operations; Provided, further, that only those who are authorized to practice medicine and surgery in all their branches shall call or advertise themselves as physicians or doctors; And provided, further, that those who are authorized to practice midwifery shall not use any drug or medicine or attend other than cases of labor. Such license shall be in such form as may be determined by the board and in accordance with the provisions of this act; Provided, however, that any willful violation on the part of an applicant of any of the rules and regulations of the board, governing examinations shall be sufficient cause for the board to refuse to issue a license to such applicant. Such certificates shall be signed by all members of the board and attested by the secretary. (1899.)

Sec. 3a. When License May Be Issued Without Examination.—The State Board of Health may, in its discretion, issue a license, without examination, on the payment of the proper fees, to a physician, who is a graduate of a medical college in good standing, and has been licensed in any Country, State or Territory, in which the requirements of medical registration are deemed by the State Board of Health to have been practically equivalent to the requirements of medical registration in force in Illinois, under the provisions of the act to which this act is an amendment: Provided, that such Country, State or Territory, shall accord a like privilege to physicians who hold licenses issued by the Illinois State Board of Health. And the State Board of Health may also, in its discretion, issue a license, without examination, to a physician who is a graduate of a medical college in good standing, and has passed an examination before the United States army, the United States navy, or the United States public health and marine hospital service. (1907.)

Sec. 3b. Compensation.—For their services performed in the enforcement of this act and the act to which this act is an amendment, the members of the State Board of Health shall receive a compensation of ten (10) dollars per day for each and every day actually spent in attending to the business of the board: Provided, that the board may fix a sum to be paid for each examination paper rated: And provided, further, that all such compensation shall be paid from the fees received by the board and no part thereof shall be paid out of the State Treasury. (1907.)

Sec. 4. Certificates to be Recorded in Office of County Clerk—Records of County Clerk.—Every person holding a certificate from the State Board of Health shall have it recorded in the office of the Clerk of the County in which he resides or practices within three months from its date and the date of recording shall be endorsed thereon. Until such certificate is recorded, as herein provided, the holder thereof shall not exercise any of the rights or privileges conferred therein. Any person practicing in another county shall record the certificate in like manner in the county in which he practices, and the holder of the certificate shall pay to the County Clerk the usual fee for making the record. The County Clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate. The register of the county shall be open to public inspection during business hours. (1899.)

Sec. 5. Examination Fees.—The fees for examination and for a certificate shall be as follows: Ten (10) dollars for examination in medicine and surgery, and five (5) dollars for a certificate if issued. Five (5) dollars for an examination in midwifery, and three (3) dollars for a certificate if issued. For all other practitioners ten (10) dollars for an examination and five (5) dollars for a certificate if issued. (1899.)

Sec. 6. Unprofessional or Dishonorable Conduct—Board May Withhold or Revoke Certificates—Hearing.—The State Board of Health may refuse to issue the certificates, provided for in this act to individuals who have been convicted of the practice of criminal abortion, or who have by false or fraudulent representation, obtained or sought to obtain practice in their profession, or by false or fraudulent representation of their profession have obtained or sought to obtain money or any other thing of value, or who advertise under names other than their own, or for any other unprofessional or dishonorable conduct, and the board may revoke such certificates for like causes: Provided, that no certificates shall be revoked or refused until the holder or applicant shall be given a hearing before the board. (1899.)

Sec. 6a. The State Board of Health shall have power to revoke, for the cause set forth in Section 6 of this act, not only the certificates provided for in this act, but also the certificates to practice medicine issued in pursuance of and under the provisions of "An Act to regulate the practice of medicine in the State of Illinois," approved May 29, 1877, in force July 1, 1877, and "An Act to regulate the practice of medicine in the State of Illinois," approved June 16, 1887, in force July 1, 1887; provided, that no certificates shall be revoked until the holder thereof shall be given a hearing before the board. (1915.)

Sec. 7. Definition of this Act.—Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat or profess to treat, operate on or prescribe for any physical ailment or any physical injury to or deformity of another: Provided, that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry or of pharmacy. And this act shall not apply to surgeons of the United States army, navy or marine hospital service in the discharge of their official duties, or to any person who ministers to or treats the sick or suffering by mental or spiritual means, without the use of any drug or material remedy. (1899.)

Sec. 8. Itinerant Venders—License—Penalties.—Declared unconstitutional by Supreme Court.

Sec. 9. Penalty for Practicing Without License.—Any person practicing medicine or surgery or treating human ailments in the State, without a certificate issued by this board in compliance with the provisions of this act, or any itinerant vender violating the provisions of section 8 of this act, shall for each and every instance of such practice or violation forfeit and pay to the People of the State of Illinois, for the use of the said Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction, and any person filing or attempting to file as his own the diploma or certificate of another or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of the State for a crime of forgery: Provided, that this section shall not apply to physicians who hold unrevoked certificates from the State Board of Health issued prior to the time of the taking effect of this act. (1899.)

Sec. 10. Enforcing Penalties—Appeals.—Upon conviction of either of the offenses mentioned in this act the court shall, as a part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and upon failure to pay the same immediately the defendant shall be committed under said order for first offense not more than thirty (30) days, and for each subsequent offense not more than ninety (90) days: Provided, that either party may appeal in the same time and manner as appeals may be taken in other cases, except that where an appeal is prayed in behalf of the people, no appeal bond shall be required to be filed, whether the appeal be from the Justice of the Peace or from the County or Circuit Courts, or from the Appellate Court. But it shall be sufficient in behalf of the People of the State of Illinois, for the use of the State Board of Health, to pray an appeal, and thereupon appeal may be had without bond or security. (1899.)

Sec. 11. Board to Make Report of Proceedings.—On the 30th day of September of each year, the State Board of Health shall make a report showing all items of receipts from all sources and disbursements for all purposes, and all expenses incurred by the members of said board, except attorney fees, in the enforcement of the act, to which this act is an amendment, and all compensation provided for therein to said members may be paid out of the State Treasury on appropriation being made therefor by the General Assembly. (1911.)

Sec. 12. Repeal.—An act to regulate the practice of medicine in the State of Illinois, approved June 17, 1887, in force July 1, 1887, and all other acts and parts of acts inconsistent with this act are hereby repealed. (1899.)

GLYCERO=MEDICATED=PLASTER

The Greatest Hygroscopic known is the

New Twentieth Century Antiphlogistic and Hygroscopic,

possessing a definite therapeutical action.

"G-M-P" does not dry out or crumble.

Glycero-Medicated-Plaster contains approximately 55% more C. P. Glycerine than like preparations, therefore making it that much greater hygroscopic, and with the addition of the essential oils as enumerated in our Treatise, gives this product an advantage over others of being a stimulant to the vaso-motor, lymphatic and circulatory systems as well as being decidedly antiseptic and anodyne in action.

Other specialties: GLYCERO-PAPO-PEPSIN (digestive and gastric sedative), Elix. GLYCERO-LACTATED-PEPSIN (vehicle), GLYCERO-FERRI et MANGANI (tonic), GLYCERO-CATHARTINE (cathartic) TABLETS AND TABLET SPECIALTIES AND OTHER GLYCERO SPECIALTIES. UNGT RESORCO-ZINC. UNGT MERCURIAL-ICHTOL.

OINTMENTS AND EFFERVESCENT SALTS SPECIALTIES.

Samples and literature sent on application.

Kenilworth Sanitarium

(ESTABLISHED 1905)

KENILWORTH, ILL.

C. & N. W. RAILWAY **Six Miles North of Chicago**

The Kenilworth Sanitarium, constructed and equipped to supply the demand for a **first-class neuropathic and psychopathic hospital, easily accessible to the residents of Chicago and Vicinity,** is situated about half a mile due west of the Kenilworth station (C. & N. W. Ry.), **six miles north of Chicago,** from which, in addition to steam and trolley cars, it may be reached at all seasons of the year by good carriage road.

The grounds consist of ten acres lying nearly one and one-half miles from the shore of Lake Michigan and the distance from car lines and other sources of noise is such as to insure practically complete rural quietude.

The accommodations for patients consist of six independent groups of from six to seven large bedrooms, some of which are so constructed as to be impervious to noise, a spacious sitting-room and corridor and two bath-rooms, one of which in each group is planned to be used en suite when desired. Each room is provided with an independent system of ventilation, which is thoroughly effective under all conditions.

Four separate pavilions have been built with concrete floors and concrete walks leading to them, so that patients may have full benefit of outdoor air treatment.

There is an electric passenger elevator, electric lighting, and a complete system of telephones.

The warming is by steam, both direct and indirect radiation having been provided to each sleeping and sitting room.

An abundance of pure water is supplied from a bored well, 148 feet deep, on the premises.

There are twelve bath-rooms for the use of patients, six of which may be used en suite. They all have the most modern plumbing, ceramic tile floors, porcelain and enameled fixtures. Both floors and finish are of hardwood throughout the building, and the appointments are all first class.

All correspondence should be addressed to the "Kenilworth Sanitarium, Kenilworth, Illinois"

Directory Libraries

Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.
